it s obvious that jesus fulfilled prophecies about the promised messiah or so the gospels make it seem but the real story is more complex and more compelling in hindsight we can see that jesus had help fulfilling prophecy the gospel writers skillfully manipulated prophecies carefully lifting them out of context creatively reinterpreting them even rewriting them to match what jesus would do in fulfilling them the evangelists also used the prophecies themselves to shape the very stories that show their fulfillment this book describes in detail how christian authors helped jesus fulfill prophecy studies of greek oracles the dead sea scrolls translations of the hebrew scriptures into greek and aramaic and the writings of josephus explore the interpretive techniques that paved the way for the new testament s manipulation of prophecy this book analyzes how the belief that jesus fulfilled prophecy became an argument to justify a new notion the view that christians had replaced jews as god s chosen people an aggressive anti judaism is analyzed in chapters on patristic theologians such as justin martyr and augustine who embedded it into the argument from prophecy the book concludes with an ethical argument for why christians should retire the argument from prophecy

studying god s word as he intended exposes startling facts that have been in the bible for generations but have not been thoroughly considered one example is the flood have you thought about how much water filled the earth at the time geologists have published enormous books without going into detail on the level of water beneath noah s ark
