consolation of philosophy latin *consolatio philosophiae* is a philosophical work by boethius written around the year 524 it has been described as the single most important and influential work in the west on medieval and early renaissance christianity and is also the last great western work of the classical period anicius manlius severinus boëthius commonly called boethius c 480 524 or 525 ad was a philosopher of the early 6th century he was born in rome to an ancient and prominent family which included emperors petronius maximus and olybrius and many consuls his father flavius manlius boethius was consul in 487 after odoacer deposed the last western roman emperor boethius of the noble anicia family entered public life at a young age and was already a senator by the age of 25 boethius himself was consul in 510 in the kingdom of the ostrogoths in 522 he saw his two sons become consuls boethius was imprisoned and eventually executed by king theodoric the great who suspected him of conspiring with the eastern roman empire while jailed boethius composed his consolation of philosophy a philosophical treatise on fortune death and other issues the consolation became one of the most popular and influential works of the middle ages

boethius best known work is the consolations of philosophy written during his imprisonment by far the most interesting example of prison literature the world has ever seen it is a dialogue between philosophy and boethius in which the queen of sciences strives to console the fallen statesman the main argument of the discourse is the transitoriness and unreality of all earthly greatness and the superior desirability of the things of the mind there are evident traces of the influence of the neo platonists especially of proclus and little if anything that can be said to reflect christian influences

the consolation of philosophy has been described as the single most important and influential work in the west on medieval and early renaissance christianity and is also the last great western work of the classical period written while boethius was in prison awaiting execution the work consists of a dialogue in alternating prose and verse between the author lamenting his own sorrows and a majestic woman who is the incarnation of his guardian philosophy the woman develops a modified form of neo platonism and stoicism demonstrating the unreality of earthly fortunes then proving that the highest good and the highest happiness are in god and reconciling the apparent contradictions concerning the existence of everything

unjustly imprisoned and waiting to die boethius penned his last and greatest work consolation of philosophy an imaginary dialogue between himself and philosophy personified as a woman reminiscent of dante in places boethius s fiction is an ode to philosophy cum socratic dialogue joel relihan s skillful rendering smoother to the modern ear than previous translations preserves the book s heart rending clarity and boethius s knack for getting it just right listen to him on fortune we spin in an ever turning circle and it is our delight to change the bottom for the top and the top for the bottom you may climb up if you wish but on this condition don t think it an injustice when the rules of the game require you to go back down consolation of philosophy recalls the transience of the material world the eternality of wisdom and the life of the philosopher boethius was deeply influenced by the platonist tradition

and this piece is one of the more powerful and artful defenses of a detachment that feels almost buddhist for anyone who's felt at odds with the world consolation is a reminder that the best things in life are eternal boethius must be right the book is just as meaningful today as it was in the sixth century when he wrote it eric de place

excerpt from the consolation of philosophy of boethius the book called the consolation of philosophy was throughout the middle ages and down to the beginnings of the modern epoch in the sixteenth century the scholars familiar companion few books have exercised a wider influence in their time it has been translated into every european tongue and into english nearly a dozen times from king alfred's para phrase to the translations of lord preston causton ridpath and duncan in the eighteenth century the belief that what once pleased so widely must still have some charm is my excuse for attempting the present translation the great work of boethius with its alternate prose and verse skilfully fitted together like dialogue and chorus in a greek play is unique in literature and has a pathetic interest from the time and circumstances of its composition it ought not to be forgotten those who can go to the original will find their reward there may be room also for a new translation in english after an interval of close on a hundred years about the publisher forgotten books publishes hundreds of thousands of rare and classic books find more at forgottenbooks.com this book is a reproduction of an important historical work forgotten books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy in rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition we do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
