why men think women are attracted to things such as money yet money is a man made invention that has not even existed very long and why women play hard to get a well known phrase which amusingly reveals that women are easy but only pretend not to be this is why the beginning of the book addresses your basic beliefs and mindset because if you learn to think correctly you will automatically behave correctly around women even if they are so stunning they normally take your breath away your mind goes blank and you run out of words you already have what it takes to seduce women like if you never run out of words around your close friends or family you should be able to talk to a hot girl without making a fool out of yourself your the man prove it to her

maybe it s just some light hearted entertainment maybe it will help you find the one what ever the case 365 days of pick up line will make you laugh and perhaps cringe at recognition
