a signal contribution to the burgeoning field of comparative philosophy of religion the dynamics of religion describes patterns of living faith in major world religions in a way which corrects misperceptions of them as archaic traditions trapped in the past packed with telling examples this book shows how religions provide meaning and guidance for their followers what the fundamental constituents of all religions are including stories symbols solutions to the mystery of evil and more and how religions are dynamic processes that constantly change and adapt over time the author concludes that truth comes not from the dogmatic retelling of any single master story but from the dynamic interplay between stories old

and new what is distinctive in each tradition is not any single set of unchanging meanings but the character of the life lived the dynamics of religion is exhilarating and essential reading for anyone interested in the way religion begins structure themselves and develop through time

provides within the covers of a single book a selection of important and representative work from all the major theoretical schools or tendencies in contemporary criticism and places them before the reader in two alternative orders one historical the other thematic

includes section reviews and notices of books

winner of the boyer prize from the society for psychological anthropology this book explores the experience of suffering in order to shed light on the nature of the human self using an intimate life history approach it examines ways people struggle to cope with experiences that can shatter their lives a diagnosis of cancer the death of a spouse a parent s mental illness the volume takes readers deep into private worlds of suffering in american culture and invites reflection on what the subjectivity of suffering tells us about being human addressing universal themes in a way that fully recognizes the individuality of those who experience a personal crisis parish shows how individuals personalize the cultural and psychological resources in which they find their possible selves
