prepared by paul heyne includes self tests on the principle ideas of each chapter as well as questions to think about

what makes economies work or not work this concise overview of the field's great thinkers offers a wealth of information paul heyne one of the nation's best selling economists provides an accessible overview of the discipline of economics economic knowledge he contends is not complete without reference to the totality of human society a realization essential to a proper understanding of the fundamental principles of economics the sweep of economic thinking is presented here with reference to the great economists and important schools of thought

this is a review of paul heyne are economists basically immoral edited by geoffrey brennan and amc waterman

includes entries for maps and atlases

a well trained theologian a gifted and dedicated teacher of economics for over forty years and the author of a highly regarded and widely used textbook the economic way of thinking paul heyne influenced generations of students of economics many of the essays in this volume are published here for the first time the editors geoffrey brennan and a m c waterman have divided heyne's essays thematically to cover three general areas the ethical foundations of free markets the connection between those ethical foundations and christian thought and the teaching of economics both method and substance heyne's

writings are unique in that he takes the critics of the free market order seriously and addresses their arguments directly showing how they are defective in their understanding of economics and in their ethical and theological underpinnings the engaging style of heyne's essays makes them accessible to students as well as to scholars even in discussions of topics well beyond the fundamental level heyne still succeeds in providing students with an appreciation of basic economic principles

papers from a conference sponsored by the fraser institute and others held dec 4 1983 at the university of regina
