throughout this book we examine ancient egyptian speculations about thoth the atlantean to show the prevailing tendencies after reviewing the most famous references to thoth the atlantean in egyptian literature and ritual it is difficult to distinguish the most critical aspects of his character or phases of his being that contribute to explaining the various activities he is assigned to in egyptian mythology and ritual in many instances an effort has been made to determine the simple meaning underlying characteristic epithets of the god epithets should be grouped according to what can be associated with well defined

activities or aspects of the god there is no attempt to analyze the god individually comprehensively to do so would require a closer examination of egyptian religious literature and a more extensive recording of results than egyptological scholarship has attempted concerning any ancient egyptian spiritual problem throughout this work it is evident that texts derived from egyptian literature of the graeco roman period have been freely employed every student of ptolemaic texts concludes that they contain a substantial amount of theology which though not always paralleled in older texts seems to be in accord with egyptian thought in the early period the ptolemaic texts have thus been considered authentic egyptian speculations and beliefs whenever they tended to explain any aspect of thoth the atlantean the pyramid texts have of course been examined in detail about the theological thought of the early period the complexity of the texts prevented the recitation of vast amounts of quotations but frequent references to the numbered pyramid texts will enable ardent scholars to follow thoth the atlantean who to the general reader may appear to be a divinity of purely egyptian significance was nevertheless associated with such a widely flowing current and ancient thoughts as well as the speculation of the hermetic writings the most famous work of thoth the atlantean passages from the book of the dead has been mostly referred to rather than quoted as a result esoteric researchers emphasize the significance and intelligent thought behind all aspects of thoth the atlantean

you re about to read the unedited version of thoth and jayce charles thoth is the original spirit who entered the body of a young twelve year old boy who died from a house fire the story of how i came to enter earth can be found inside prime creator the divine mother book an outline of who s who jason was the twelve year old boy who died thoth the first born atlantean god of atlantis the same thoth who has been written about from the time of egypt upon taking over this body i kept the boy s name until 2010 the time was ready to make the shift so now i am known as jayce charles this name has no relation to the family that kept me moving in secret i had much to learn and many industries to get myself inside so i could better understand the situation on earth from 1999 to 2019 to the present day after many challenges from early 1990s much work was required of myself to bring me back

to myself following all the knowledge i acquired along my path as promised to the prime creator at the starting point again written inside the other book the intention of this book is to show you regardless of my spirit and nature for arriving on earth my journey has been much similar to yours we re one and the same with the way my past history upon earth long ago has been misrepresented my name and presence have been perceived as someone you should worship because of my past actions over many lifetimes my body may have changed throughout that time my spirit was the same i had the tools and interpretations of those times in history only it is important that my teachings of long ago are placed in the correct perspective i am as unique as you as you re of me we are all the energy of the great prime creator many of times i have listened to others read the teaching of the emerald tablets to notice a similar theme authority dominant in nature these are misinterpretations of i thoth the firstborn atlantean to come close to my true spirit nature is too know passiveness stillness which can be seen present in most women who hold on to their divine self when you hear myself as the body of jayce speaking this way you re just hearing the masculine side of jayce because that s the body i possess if however i chose a female body the opposite would be obvious regardless of the perceptions of those who read the tablets as long as it s made clear here that s all that matters they also pronounce my name wrong which is quite amusing to hear back to this book inside you ll read the inner dialogue of physical me and the spirit aspect teaching of myself back to self everything you read refers to us as one entity many times jayce wanted to never speak out many times he wanted to just run away this is the journey back to self as me and jayce resulting as one once again now inside spiritual teachings around the world you will hear about twin flames and higher self i thoth am both the twin flame and higher self of jayce the physical me the twin flame teaching inside another book was designed to lead you to this truth inside yourself along with higher self meaning jayce once used the reference of higher self to me jayce had to learn until he released this description i could not merge as one fully as a complete being and claim my place as me higher places myself at a great distance to jayce jayce had to rediscover this truth he already knew for many years the challenges of jayce separated us both we are now opening up our inner world our journey home to self much can be learned here especially realizing how similar our paths have been

you and i are no different eventually many will begin to recollect my presence in their dreams all was written during a 20 year period of ascending back to myself enjoy the book and our journey together your beloved thoth feminine in nature always have been always will be

this commentary and guidebook is eye opening because it brings in the guidance of the divine feminine represented by seshat wife consort of thoth in egypt and even to these modern times this is a more balanced union of divine masculine united with the divine feminine which is the new construct of evolution seshat was known as the fairy godmother of egypt we could surely use a fairy godmother in these times seshat tells me that she was also with thoth in atlantean times her name was elnor in that period and she was the leader of the atlantean women warriors of light the secret key to the emerald tablets is based on emerald tablet three the key of wisdom
