this book examines the ethics of end of life care focusing on the kinds of decisions

that are commonly made in clinical practice specific attention is paid to the intensification of treatment for terminal symptoms particularly pain relief and the withdrawal and withholding of care particularly life saving or life prolonging medical care the book is structured into three sections the first section contains essays examining end of life care from the perspective of moral theory and theology the second sets out various conceptual terms and distinctions relevant to decision making at the end of life the third section contains chapters that focus on substantive ethical issues this format not only provides for a comprehensive analysis of the ethical issues that arise in the context of end of life care but allows readers to effectively trace the philosophical theological and conceptual underpinnings that inform their specific interests this work will be of interest to scholars working in the area as well as clinicians specialists and healthcare professionals who encounter these issues in the course of their practice

includes section book reviews

bestselling author and professor ted malloch calls for real financial reform to restore confidence and fairness to a broken system from ponzi schemes to the credit crisis to the real estate bubble the financial industry seems to have lost its way on the road to riches as private greed continues to undermine the public good one might wonder what ever happened to business ethics and how can we reform the global financial system to benefit everyone rather than just the very lucky few in the end of ethics and the way back the bestselling author of doing virtuous business teams up with attorney and yale university postdoctoral fellow jordan mamorsky to examine the most recent failures of business virtue prudence and governance from bernie madoff to jon corzine and mf global before offering a set of structural and holistic solutions for our current ethical crisis in global finance features compelling case studies that reveal the saturation of economic vice in global finance suggests structural reforms to the global financial system that would increase confidence among consumers and encourage ethical behavior among finance professionals written by ted malloch author of the bestseller doing virtuous business with attorney jordan mamorsky ideal for financial regulators business students and academics and professionals in the finance industry
