a multi level analysis of pakistani human bombs reveals that suicide terrorism is caused by multiple factors with perceived effectiveness vengeance poverty and religious fundamentalism playing a varying role at the individual organizational and environmental levels nationalism and resistance to foreign occupation appear as the least relevant factors behind suicide terrorism in pakistan the findings of this research are based on a multi level analysis of suicide bombings incorporating both primary and secondary data in this study the author also decodes personal demographic economic and marital characteristics of pakistani human bombs on average pakistani suicide bombers are the youngest but the deadliest in the world and more than 71 percent of their victims are civilians earlier concepts of a weak link linking terrorism with poverty and illiteracy do not hold up against the recent data gathered on the post 9 11 generation of fighters in pakistan in suicidal and non suicidal categories as the majority of fighters from a variety of terrorist organizations are economically deprived and semi literate the majority of pakistani human bombs come from rural backgrounds with very few from major urban centres suicide bombings in pakistan remain a male dominated phenomenon with most bombers being single men demographic profiling of pakistani suicide bombers based on a random sample of 80 failed and successful attackers dents the notion that american drone strikes play a primary role in promoting terrorism in all its manifestations the study concludes that previous scholarly attempts to explain suicide bombings are largely based on middle eastern data thus their application in the case of pakistan can be misleading the pakistani case study of suicide terrorism demonstrates unique characteristics hence it needs to be understood and countered through a context specific and multi level approach

this third report on human development in south asia presents a comprehensive profile of education in the region analyses current educational policies and programmes and presents a five year plan to achieve universal primary education in the area

the routledge companion to pakistani anglophone writing forms a theoretical comprehensive and critically astute overview of the history and future of pakistani literature in english dealing with key issues for global society today from terrorism religious extremism fundamentalism corruption and intolerance to matters of love hate loss belongingness and identity conflicts this companion brings together over thirty essays by leading and emerging scholars and presents

the transformations and continuities in pakistani anglophone writing since its inauguration in 1947 to today contestations and controversies that have not only informed creative writing but also subverted certain stereotypes in favour of a dynamic representation of pakistani muslim experiences a case for a pakistani canon through a critical perspective on how different writers and their works have at different times both consciously and unconsciously helped to realise and extend a uniquely pakistani idiom providing a comprehensive yet manageable introduction to cross cultural relations and to historical regional local and global contexts that are essential to reading pakistani anglophone literature the routledge companion to pakistani anglophone writing is key reading for researchers and academics in pakistani anglophone literature history and culture it is also relevant to other disciplines such as terror studies post 9 11 literature gender studies postcolonial studies feminist studies human rights diaspora studies space and mobility studies religion and contemporary south asian literatures and cultures

this book provides a fascinating look at the creation of contemporary muslim jihadists basing the book on her long term fieldwork in the disputed borderlands between pakistan and india cabeiri debergh robinson tells the stories of people whose lives and families have been shaped by a long history of political conflict interweaving historical and ethnographic evidence robinson explains how refuge seeking has become a socially and politically debased practice in the kashmir region and why this devaluation has turned refugee men into potential militants she reveals the fraught social processes by which individuals and families produce and maintain a modern jihad and she shows how muslim refugees have forged an islamic notion of rights a hybrid of global political ideals that adopts the language of human rights and humanitarianism as a means to rethink refugees positions in transnational communities jihad is no longer seen as a collective fight for the sovereignty of the islamic polity but instead as a personal struggle to establish the security of muslim bodies against political violence torture and rape robinson describes how this new understanding has contributed to the popularization of jihad in the kashmir region decentered religious institutions as regulators of jihad in practice and turned the families of refugee youths into the ultimate mediators of entrance into militant organizations this provocative book challenges the idea that extremism in modern muslim societies is the natural by product of a clash of civilizations of a universal islamist ideology or of fundamentalist conversion

south asia s diaspora is among the world s largest and most widespread and it is growing exponentially it is estimated that over 25 million persons of indian descent live abroad and many more millions have roots in other countries of the subcontinent in pakistan bangladesh and sri lanka there are 3 million south asians in the uk and approximately the same number resides in north america south asians are an extremely significant presence in southeast asia and africa and increasingly visible in the middle east this inter disciplinary handbook on the south asian diaspora brings together contributions by leading scholars and rising stars on different aspects of its history anthropology and geography as well as its contemporary political and socio cultural implications the handbook is split into five main sections with chapters looking at mobile south asians in the early modern world before moving on to discuss diaspora in relation to empire nation nation state and the neighbourhood and globalisation and culture contributors highlight how south asian diaspora has influenced politics business labour marriage family and culture this much needed and pioneering venture provides an invaluable reference work for students scholars and policy makers interested in south asian studies

the existence of human rights helps secure the peace deter aggression promote the rule of law combat crime and corruption and prevent humanitarian crises these human rights include freedom from torture freedom of expression press freedom women s rights children s rights and the protection of minorities this book surveys the countries of asia and the pacific and is augmented by a current bibliography and useful indexes by subject title and author contents preface part i australia brunei burma cambodia china taiwan only china includes tibet hong kong and macau east timor fiji indonesia japan kiribati democratic people s republic of korea republic of korea laos malaysia marshall islands federated states of micronesia mongolia nauru new zealand palau papua new guinea philippines samoa singapore solomon islands thailand tonga tuvalu vanuatu vietnam afghanistan bangladesh bhutan india maldives nepal pakistan sri lanka part ii special bibliography part iii indexes by subject title and author

this report argues that poverty can only be overcome through the empowerment of the poor especially poor women it recommends a multi dimensional strategy for poverty alleviation including alternative economic growth strategies and governance reforms the report highlights the need for an integrated national strategy of public policy and action condition good

this book argues that feminism should reclaim the universal and reconstruct the theory and practice of human rights questions whether manpower planning mainly considered as a public sector activity should give way to labour market analysis as the dominant means of human resources development planning covers financing and privatization of education and training the gender dimensions of labour market analysis and the nature of labour market responses during economic adjustment and restructuring
