research

the bloomsbury handbook of popular music and youth culture provides a comprehensive and fully up to date overview of key themes and debates relating to the academic study of popular music and youth culture while this is a highly popular and rapidly expanding field of research there currently exists no single source reference book for those interested in this topic the handbook is comprised of 32 original chapters written by leading authors in the field of popular music and youth culture and covers a range of topics including theory method historical perspectives genre audience media globalization ageing and generation

once conduits to new music frequently bypassing the corporate music industry in ways now done more easily via the internet record stores championed the most local of economic enterprises allowing social mobility to well up from them in unexpected ways record stores speak volumes about our relationship to shopping capitalism and art this book takes a comprehensive look at what individual record stores meant to individual people but also what they meant to communities to musical genres and to society in general what was their role in shaping social practices aesthetic tastes and even loosely put ideologies from women owned and independent record stores to reggae record shops in london to rough trade in paris this book takes on a global and interdisciplinary approach to evaluating record stores it collects stories and memories and facts about a variety of local stores that not only re centers the record store as a marketplace of ideas but also explore and celebrate a neglected personal history of many lives

the sunday times bestseller growing up in liverpool in the 1960s and 70s when skinheads football violence and fear of just about everything was the natural order of things a young will sergeant found the emerging punk scene provided a shimmer of hope amongst a crumbling city still reeling from the destruction of the second world war from school day horrors and mud flinging fun to nights at liverpool s punk club eric s sergeant was fuelled by and thrived on music it was this devotion that led to the birth of the bunnymen to the days when he and ian mcculloch would muck around with reel to reel recordings of song ideas in the back parlour of his parents council estate house and to finding a community friends enemies and many in between with those who would become post punk royalty from the likes of dead or alive frankie goes to hollywood and the teardrop explodes to name a few it was an uphill struggle to carve their name in the history of liverpool music but echo and the bunnymen became iconic with songs like lips like sugar the cutter and the killing moon by turns wry explicit and profound bunnyman reveals what it was really like to be part of one of the most important british bands of the 1980s

while the impact of the persian style is undeniably reflected in most aspects of the art and architecture of islamic central asia this perso central asian connection was chiefly formed and articulated by the euro american movement of collecting and interpreting the art and material culture of the persian islamic world in modern times this had an enormous impact on the formation of scholarship and connoisseurship in persian art for instance with an attempt to define the characteristics of how the islamic art of iran and central asia should be viewed and displayed at museums and how these subjects should be researched in academia this important historical fact which has attracted scholarly interest only in recent years should be treated as a serious subject of research accepting that the abstract image of persian art was not a pure creation of persian civilization but that it can be the manifestation of particular historical times and charismatic individuals attention should therefore be given to various factors that resulted in the shaping of persian imagery across the globe not only in terms of national ideologies but also within the context of several protagonists such as scholars collectors and dealers as well as of the objects themselves this volume brings together islamic iranian and central asian art experts from diverse disciplinary and professional backgrounds and intends to offer a novel insight into what is collectively known as persian art

containing 27 000 entries and over 6 000 new entries the online edition of the encyclopedia of popular music includes 50 more material than the third edition featuring a broad musical scope covering popular music of all genres and periods from 1900 to the present day including jazz country folk rap reggae techno musicals and world music the encyclopedia also offers thousands of additional entries covering popular music genres trends styles record labels venues and music festivals key dates biographies and further reading are provided for artists covered along with complete discographies that include record labels release dates and a 5 star album rating system

making the middle ages is a series of monographs and occasionally of collections which aims to open up the rapidly growing and relatively newly recognised field of medievalism the post medieval construction of the middle ages in scholarship and the arts to a readership of academics graduate students and in the case of some volumes undergraduates or the general reader the series is devoted to scholarship in the cultural influence of the middle ages on england mainland europe and north america from the sixteenth century to the present day it focuses on two perspectives of medievalism i mediavistik the origins and history of medieval studies both inside and outside the academy and ii mediavismus the creation and recreation of the middle ages in post medieval art history literature and popular culture this collection of essays examines the grimmian revolution the paradigm shift in the humanities that came with the publication of jacob grimm s deutsche grammatik in doing so it honours t a shippey who has been a leading figure in reconsidering the contributions of the old philology and its impact on the humanities particularly the rediscovery of the ancient languages and literatures of northern europe the role this has played in

the creation of national and regional identities the attempts to extend the methods of comparative philology to comparative mythology and the collection of folktales folk ballads and the development of folkloristics the sixteen essays in this collection focus on the impact made by nineteenth and early twentieth century philology in the fields of medieval studies and language studies and in the construction of northern european national identities mythologies and folklore book jacket

this is a fashion illustration book which depicts the dress mode from a retrospective point of view it relates fashion not only to the social lifestyle of people but also to the economic and political trend of the times thus giving the term street mode a special influential meaning to culture and life throughout the detailed drawings of fashion as depicted since the 1700 s to the present with highlights from the 17th century neoclassicism and romanticism and onwards the author aims for the reader to realize his her roots in history thereby also to understand the direction of dress wear
