how do markets evolve why are some innovations picked up straightaway whilst others take years to be commercialized are there first mover advantages why do we behave with irrational exuberance in the early evolution of markets as was the case with the dot com boom paul geroski is a leading economist who has taught economics to business school students managers and executives at the london business school in this book he explains in a refreshingly clear style how markets develop in particular he stresses how the early evolution of markets can significantly shape their later development and structure his purpose is to show how a good grasp of economics can improve managers business and investment decisions whilst using the development of the internet as a case in point geroski also refers to other sectors and products for example cars television mobile phones and personal computers this short book is an ideal introduction for managers mba students and the general reader wanting to understand how markets evolve

a brookings institution press and carnegie endowment for international peace publication many of the countries that have recently converted to a market based economic system have also experienced an alarming increase in income inequality a widening gap between the haves and have nots but to what extent is the increase in inequality also increasing the opportunities for economic advancement particularly for those at the bottom of the economic ladder does the creation of greater opportunities make a region's move to the market politically acceptable and if opportunities don't increase along with inequality will it eventually cause a political backlash against a country's market policies this book highlights the importance of finding the answers to those questions by examining the issues of social mobility and opportunity as an essential part of the income inequality puzzle it provides a summary of the latest research on the economics and politics of social mobility in both developed and emerging market economies including the conceptual issues involved and the challenges of accurately documenting trends the book concludes with a discussion of the economics of opportunity and mobility in latin america and eastern europe and the politics and perceptions of mobility in the two regions
