the north american arctic addresses the emergence of a new security relationship within the north american north it focuses on current and emerging security issues that confront the north american arctic and that shape relationships between and with neighbouring states alaska in the us yukon northwest territories and nunavut in canada greenland and russia identifying the degree to which domain awareness has redefined the traditional military focus while a new human rights discourse undercuts traditional ways of managing sovereignty and territory the volume s contributors question normative security arrangements although security itself is not an obsolete concept our understanding of what constitutes real human centred security has become outdated the contributors argue that there are new regionally specific threats originating from a wide range of events and possibilities and very different subjectivities that can be brought to understand the shape of arctic security and security relationships in the twenty first century

kenneth scambray offers the reader a critical analysis of the wide range of italianese literature written over the last thirty years in north america these last three decades in both canada and america can justifiably be termed a renaissance in italian writing

in its first seven years the north american free trade agreement nafta tripled trade and quintupled foreign investment among the u s mexico and canada increasing its share of the world economy in 2001 however north america peaked since then trade has slowed among the three manufacturing has shrunk and

illegal migration and drug related violence have soared at the same time europe caught up and china leaped ahead in the north american idea eminent scholar and policymaker robert a pastor explains that nafta s mandate was too limited to address the new north american agenda instead of offering bold initiatives like a customs union to expand trade leaders of the three nations thought small interest groups stalemated the small ideas while inhibiting the bolder proposals and the governments accomplished almost nothing to overcome this resistance and reinvigorate the continent the leaders need to start with an idea based on a principle of interdependence pastor shows how this idea once woven into the national consciousness of the three countries could mobilize public support for continental solutions to problems like infrastructure and immigration that have confounded each nation working on its own providing essential historical context and challenging readers to view the continent in a new way the north american idea combines an expansive vision with a detailed blueprint for a more integrated dynamic and equitable north america

this work is a posthumous collection of the descriptive papers of c h bollman on north american myriapoda centipedes and millipedes edited by prof l m underwood who added some notes and prepared an introductory review of the literature on north america myripods a number of individuals helped to collect bollman s papers and prepare the work for publication by the national museum
