kelley armstrong s new york times bestselling darkness rising trilogy is collected here for the first time the gathering strange things are happening in maya s tiny vancouver island town first her friend serena the captain of the swim team drowns mysteriously in the middle of a calm lake then one year later mountain lions are spotted rather frequently around maya s home and her reactions to them are somewhat unexpected it doesn t help that the new bad boy in town rafe has a

dangerous secret and he's interested in one special part of Maya's anatomy: her paw print birthmark. The calling now, Maya and her friends have been forced to flee from their homes during a forest fire they suspect was deliberately set. Then they're kidnapped and after a chilling helicopter crash they find themselves in the Vancouver Island wilderness with nothing but their extraordinary abilities to help them get back home. The rising all Maya and her friends have is the name and number of someone who might be able to give them a few answers: answers to why they're so valuable and why their supernatural powers are getting more and more out of control. But Maya is unprepared for the truths that await her and like it or not, she'll have to face down some demons from her past if she ever hopes to move on with her life.

Maya and her friends turn and fight in this final volume of the Darkness Rising trilogy. Fans will savour the many cinematic moments. Booklist comfortably mixing science, myth, and mystery, Armstrong creates a vivid world highlighted by appealing characters. Fans and newcomers alike will be eager for more. After Armstrong's story drives to its pulse-pounding climax, Publishers Weekly says Maya Delaney is a skin walker, a supernatural who can shift into the shape of a cougar. But just as she learns this extraordinary truth about herself, she also discovers that shifting comes with a terrible cost: with every transformation, a skin walker loses touch with their human nature and in time can lose their identity and their very sense of being human. Maya and her friends have been running from the people who experimented on them and created them as supernaturals, but now they realise they must confront their enemies if they are ever to have a future. Maya will need to use her powers in order to succeed, but the price of freedom could be too high a cost to pay.
