1878-80 while the third terminates with the Anglo-Russian Convention of 1907 which effectively marked the end of the confrontation

For nearly a century the two most powerful nations on earth, Victorian Britain and Tsarist Russia, fought a secret war in the lonely passes and deserts of Central Asia. Those engaged in this shadowy struggle called it the Great Game, a phrase immortalized in Kipling's *Kim*. When play first began, the two rival empires lay nearly 2,000 miles apart; by the end, some Russian outposts were within 20 miles of India. This book tells the story of the Great Game through the exploits of the young officers, both British and Russian, who risked their lives playing it disguised as holy men or native horse-traders. They mapped secret passes, gathered intelligence, and sought the allegiance of powerful khans; some never returned.

This book contains new and vital information that the author has gathered from original sources in the foreign policy archives of the Russian Empire and the National Archives of India and is a must for those interested in the history of Tibet and in the politics of the Great Game.
