this volume brings together a selection of the papers presented at the 4th international conference on modality in english held in madrid on 9 11 september 2010 the book is divided into two parts with the first encompassing contributions focusing on the notions of modality evidentiality and temporality and the second those that explore modality and its connection with stance and evaluation in specific

genres and discourse domains

large language models llms and diffusion models such as chatgpt and stable diffusion have unprecedented potential because they have been trained on all the public text and images on the internet they can make useful contributions to a wide variety of tasks and with the barrier to entry greatly reduced today practically any developer can harness llms and diffusion models to tackle problems previously unsuitable for automation with this book you ll gain a solid foundation in generative ai including how to apply these models in practice when first integrating llms and diffusion models into their workflows most developers struggle to coax reliable enough results from them to use in automated systems authors james phoenix and mike taylor show you how a set of principles called prompt engineering can enable you to work effectively with ai learn how to empower ai to work for you this book explains the structure of the interaction chain of your program s ai model and the fine grained steps in between how ai model requests arise from transforming the application problem into a document completion problem in the model training domain the influence of llm and diffusion model architecture and how to best interact with it how these principles apply in practice in the domains of natural language processing text and image generation and code

since the very first days of cinema audiences have marveled at the special effects imagery presented on movie screens while long relegated to the margins of film studies special effects have recently become the object of a burgeoning field of scholarship with the emergence of a digital cinema and the development of computerized visual effects film theorists and historians have been reconsidering the traditional accounts of cinematic representation recognising the important role of special effects understood as a constituent part of the cinema special effects are a major technical but also aesthetic component of filmmaking and an important part of the experience for the audience in this volume new directions are charted for the exploration of this indispensable aspect of the cinematic experience each of the essays in this collection offers new insight into the theoretical and historical study of special effects the contributors address the many aspects of special effects from a variety of perspectives considering them as a conceptual problem recounting the history of specific special effects techniques and analysing notable effects films

classical portrayal of love and violence during the twenties

das vorliegende buch untersucht die semantischen und diskurs pragmatischen eigenschaften indefiniter nominalphrasen dabei wird der zusammenhang zwischen den folgenden zwei faktoren untersucht i der referenziellen form markierte indefinite nominalphrasen vs unmarkierte indefinite nominalphrasen und ii dem diskursstrukturierenden potential durch eine sprachvergleichende studie mit schwerpunkt auf englisch deutsch und rumänisch wird die analyse der funktionen unterschiedlicher indefiniten nominalphrasen empirisch gestützt und weiterentwickelt damit wird die arbeit zu einem besseren verständnis von textstruktur den kognitiven grundlagen von textproduktion und textverständnis sowie den allgemeinen prinzipien der kommunikation zwischen gesprächsteilnehmern beitragen

f scott fitzgerald was an artist of extraordinary literary talent who tried to synthesize the ideas and events around him and give them personal expression and he was more than that he and zelda were personal participants who defined and helped to shape much of what is american their lives and american life are so intertwined that they seem impervious to an unwinding they defined the jazz age through self advertisements then scott gave the epoch its name americans generally were obsessed with clever advertising and easy money in a booming stock market but there is more much more fitzgerald s life and novels continue to personify the great contradictions

in american culture and in american capitalism fitzgerald s novels especially the beautiful and damned the great gatsby and tender is the night can tell us about our past but just as much about the present and our future notably scott had originally set gatsby in the gilded age an age of excesses similar to those of the 1920s today the casino economy beginning in the early 1980s and becoming global has remarkable parallels to these earlier epochs then the inevitable the crashes came a banking panic in 1907 ended the gilded age though not the gild the crash of 1929 ended the jazz age though not all that jazz and the collapse of the technology driven nasdaq in 2001 brought an end to the most notorious players in the casino economy though not its legacy zelda on the precipice at an earlier age than most supposed then or since crashed shortly after the stock market although the public was unaware of zelda s plunge only the great depression upstaged scott s crack up as he dispassionately acknowledged his literary reputation had gone the way of the economy as had his earnings from the saturday evening post that sustained his little family though scott s novels have long been on required reading lists around the world fitzgerald and zelda s cultural presence ebbs and flows there nonetheless was of course a first fitzgerald revival it came during the early 1950s being first literary but inevitably leading to a renewal of his cultural significance the fitzgerald revival now underway is if anything even more confounding because it follows some serious academic studies yet derives its inert velocity from the vibrant personalities of zelda and scott while its deeper significance once again is properly attributed to scott

this handbook covers almost every major writing problem at 64 pages it s a concise and inexpensive way for readers to improve their writing the ninth edition covers the essentials of paragraph and essay writing esl tips and material on research writing as well as an extended section on the three most common errors in english fragments run ons and comma splices the book also includes enhanced coverage on electronic research on the internet and a revised section on word choice for anyone interested in learning about english and in improving his or her writing publisher s description
