this volume encompasses british efforts to enforce new settlement policies after their defeat of the french the spanish system of missions and presidios trade in the columbia river basin of the pacific northwest the indian removal act and the trail of tears and the establishment of a strong military presence to defend the trade routes of the great plains cover

a sweeping history of the cultural clashes between indians and the british spanish mexicans and americans a story of the contest for land and power across multiple and simultaneous frontiers

history of the american frontier 1763 1893 is an enthralling exploration of the dynamic and transformative period in american history from the aftermath of the french and indian war to the closing of the frontier this comprehensive account delves into the remarkable events personalities and conflicts that shaped the development of the american frontier with meticulous research and engaging narrative this book offers readers a captivating journey through the untamed landscapes and the clash of cultures that characterized the frontier experience from the pioneers and settlers venturing into uncharted territories to the interactions with native american tribes this history unravels the complex and often tumultuous relationships that unfolded on the american frontier

at the 1768 treaty of fort stanwix the british secured the largest land cession in colonial north america crown representatives gained possession of an area claimed but not occupied by the iroquois that encompassed parts of new york pennsylvania ohio kentucky and west virginia the iroquois however were far from naïve and the outcome was not an instance of their simply being dispossessed by europeans in *speculators in empire* william j campbell examines the diplomacy land speculation and empire building that led up to the treaty his detailed study overturns common assumptions about the roles of the iroquois and british on the eve of the american revolution through the treaty the iroquois directed the expansion of empire in order to serve their own needs while crown negotiators obtained more territory than they were authorized to accept how did this questionable transfer happen who benefited and at what cost campbell unravels complex intercultural negotiations in which colonial officials land speculators traders tribes and individual indians pursued a variety of agendas each side possessing considerable understanding of the other s expectations and intentions historians have credited british indian superintendent sir william johnson with pulling off the land grab but campbell shows that johnson was only one of many players johnson s deputy george croghan used the treaty to capitalize on a lifetime of scheming and speculation iroquois leaders and their peoples also benefited substantially with keen awareness of the workings of the english legal system they gained protection for their homelands by opening the ohio country to settlement campbell s navigation of the complexities of native and british politics and land speculation illuminates a time when regional concerns and personal politicking would have lasting consequences for the continent as *speculators in empire* shows colonial and native history are unavoidably entwined and even interdependent

this book contains two parts first the background of aboriginal north americans dealing with the culture and their use of materials habits thoughts and actions and the second dealing with removing the indian barrier through trading missions treaties and wars in the contacts between whites and indians during national expansion

for centuries conquerors missionaries and political movements acting in the name of a single god nation or race have sought to remake human identities tracing the rise of exclusive forms of identity over the past 1500 years this innovative book explores both the creation and destruction of exclusive identities including those based on nationalism and monotheistic religion benjamin lieberman focuses on two critical phases of world history the age of holy war and conversion and the age of nationalism and racism his cases include the rise of islam the expansion of medieval christianity spanish conquests in the americas muslim expansion in india settler expansion in north america nationalist cleansing in modern europe and asia and nazi germany s efforts to build a racial empire he convincingly shows that efforts to transplant and expand new identities have paradoxically generated long periods of both stability and explosive violence that remade the human landscape around the world

winner of the pulitzer prize for history in 1925 paxson was the first american historian presenting the war of independence from both american as well as british points of view
