what is the soul and how do we come to know it what is its journey in life and what stages and obstacles are encountered along the way these questions are explored here in detail according to the diamond approach a spiritual path that combines systematic inquiry into personal experience the practice of traditional spiritual methods and the application of modern psychological research the inner journey home is the centerpiece of the diamond approach literature providing a complete overview of the teaching with references to the author s other books for more details on certain topics

light upon light is a book to touch the heart and awaken the spirit it takes the lives of some of the great spiritual masters of the last millennium from rumi to twentieth century saint darshan singh and illuminates their inner quests more than simply biography light upon light delves into their perceptions of the world the innermost workings of their minds and the life incidents that led them to enlightenment in this sense light upon light is not about the spiritual path it is

designed to take the reader and carry them into the spiritual path and perceive the wisdom of the masters from within while author andrew vidich phd has exemplary academic credentials he writes from the heart and calls the reader to a direct experience a felt sense of the core of these masters teachings he also emphasizes meditation as the universal constant taught by all masters and has provocative exercises in each chapter to stimulate self reflection contemplation and to give the reader experience of practical meditation techniques this is a book to be treasured by both long time spiritual students and those new to the great masters of the path

in the holy intimacy of strangers sarah york explores our common yearning for deeper and more meaningful connection with one another the book presents the paradox we often observe how our seemingly casual interactions with strangers can unlock the door to our hearts and help us discover how we need and yet often resist true intimacy in our relationships this provocative book gives us a new way to look at the qualities of our exchanges with strangers once we begin this journey we can trace the outlines of our lives together in community our expressions of caring and hospitality the costs of prejudice and judgment our fears and defensiveness the tension between being inclusive or exclusive our expectations and assumptions about one another

in these interesting times when many people are searching for spiritual nourishment this book is intended to be a means of providing it rebirthing into androgyny your quest for wholeness and afterward offers to the hungry ones a familiar yet totally different feast while it sets forth an already established metaphysics it also presents a radical new ideaone that has been implicit in that spiritual thought but unavailable until now and the new awareness associated with quantum physics in other words while this book provides soul searchersalso known as learnerswith an ages old means of generating a fundamental inner change a rebirthing it also provides a new living prototype of what is being reborn thus a persons rebirthing is both a gestation and a labor a quest producing an ever increasing knowing gnosis which gradually becomes being that can finally merge with the beloved self and the new living prototype is that of the human soul not as what a person has but as what a person is a creative energy being who generates its own bodies out of its soul substanceits creative consciousness energyby means of its archetypal human energy system while always being guided by its nucleus of divinity in this book which is a textbook for soul searchers all of this transformative change is offered explored and explained in a series of carefully crafted lessons lovingly taught by a shamanic teacher healer in a stone circle classroom the ancient site of a modern teaching there is a grand feast awaiting

learning how to be the work of a h almaas since more than fifty years aims at diffusing the learning of how to be not only for medical and psychological professions sixteen of his twenty four books have been already translated and published in french and we plan to publish them all in this bilingual collection we hope that in a future as near as possible these works will be part of the basic studies library of all human beings seeking to cultivate themselves of any doctor psychiatrist psychoanalyst psychologist therapist or coach we hope this because the

efficacy of therapy is also proportional to the patient and therapist's openness of consciousness whatever the techniques and methods used. A.H. Almaas, still very little known in France in 2025, has been nicknamed the Einstein of psychology and spiritual development for he renewed the field's paradigm as Einstein renewed the theoretical physics paradigm. A nuclear physicist, psychologist, psychoanalyst, and founder of a psycho-spiritual school comprising to date more than four thousand students and teachers in the USA, Canada, United Kingdom, Europe, Australia, and Asia, he implements the study and practice of psychology and spirituality with the same precise scientific analysis as when analyzing the intimate physical components of matter. His method, the Diamond Approach, is based on the direct experience and exploration of common and expanded states of consciousness and uses the enneagram as one of its tools. It is a cognitive psycho-spiritual approach allowing for a progressive understanding, then an expansion of consciousness from the extreme narrowness of pathological condition to the opening of ordinary consciousness to enlightened consciousness to universal consciousness. This book is the eighteenth publication of the bilingual English-French collection of the Diamond Approach. Original version in English: *The Inner Journey Home: Soul's Realization of the Unity of Reality*. French translation of Michel Costelle: *The Inner Journey Home: Le retour intérieur chez soi*. Tome 1: *Apprendre à être*. Le travail de A.H. Almaas depuis plus de cinquante ans vise à diffuser cet apprentissage du savoir-être et pas seulement auprès des médecins et psychologues. Seize de ses vingt-quatre ouvrages sont déjà traduits et publiés en français et nous projetons de les publier tous dans cette collection bilingue. Nous espérons que dans un avenir le plus proche possible, ces ouvrages feront partie de la bibliothèque d'études de base de tout être humain cultivé, de tout médecin, psychiatre, psychanalyste, psychologue, thérapeute, coach, car l'efficacité thérapeutique est également proportionnelle à l'ouverture de la conscience du thérapeute et de ses patients, quelles que soient les techniques et les méthodes utilisées. Par ailleurs, A.H. Almaas, encore très peu connu en France en 2025, est surnommé l'Einstein de la psychologie et du développement spirituel car il en a renouvelé le paradigme comme Einstein a renouvelé celui de la physique théorique. Ce physicien nucléaire, psychologue, psychanalyste, fondateur d'une école psycho-spirituelle de plus de quatre mille étudiants et enseignants à ce jour aux USA, au Canada, au Royaume-Uni, en Europe, en Australie et en Asie, met en œuvre en psychologie et en spiritualité la même précision d'analyse scientifique que lorsqu'il analysait en physique les composants intimes de la matière. Sa méthode, l'Approche Diamant, repose sur l'expérience directe et l'exploration d'états de conscience ordinaires et élargis et utilise l'ennéagramme comme un de ses outils. C'est une approche psycho-spirituelle cognitive favorisant la prise progressive de conscience puis son élargissement à partir de l'étroitesse extrême de la pathologie puis de la conscience ordinaire puis de la conscience éclairée jusqu'à la consc
