the intelligent investor by benjamin graham offers sound advice on investing from a trustworthy source benjamin graham an investor who flourished after the financial crash of 1929 having learned from his own mistakes the author lays out exactly what it takes to become a successful investor in any environment

summary of the intelligent investor the intelligent investor is a book written by benjamin graham published back in 1949 by harper brothers the book itself is widely famous because it offers a different and modern approach on value investing which graham started to teach at columbia business school in 1928 and which was subsequently refined by david dodd this book is also graham s first work which made a significant deviation from stock selection something that was predominant in graham s previous works in his new book graham talks about many interesting and useful things about smart investments some of them are important allegories that the author uses while trying to describe topics that are connected with smart investing including a lesson on defensive and aggressive investors two different types of stock investing systems one other thing that graham uses in his book in order to explain what he wants to say is something that the author calls as mr market in his book mr market is depicted as an obligatory man who will come to the shareholder s door at each day while trying to buy or sell his shares at different prices the

investors are given with the choice of either agreeing with his price and thus trade with him or ignore him mr market will have no problem with this because he will return another day with different prices considering the book itself there were altogether four revisions of the book with the last revision being published back in 1973 however in the 2003 book version there were some new ideas and topics to be discussed such as the investor and inflation the defensive investors and common stocks and many more the intelligent investor is an interesting literature for many stockholders present and future investors and all other readers who simply want to know how certain things concerning investments and stocks function here is a preview of what you will get a full book summary an analysis fun quizzes quiz answers etc get a copy of this summary and learn about the book

summary of the intelligent investor by benjamin graham the definitive book on value investing a unique method for reading books more effortlessly if you want to be a successful investor you must first read the intelligent investor in this summary the aspects that will never change are emphasized while the new features you should be aware of and comprehend are brought to the forefront much valuable information has been passed down through generations of friends and family members and it has stood the test of time well as a result of reading this book you will have a helpful tool that you may use time after time it is hoped that this summary will assist you in comprehending how the stock market has changed and remained the same throughout the last hundred years once you have learned the fundamentals you will put them into practice this summary is not intended to replace the original book but rather act as a companion piece click on the buy now button to get this summary disclaimer we are convinced that more readers will be exposed to the actual book due to our expert summaries these readers may otherwise have turned a blind eye due to the apparent idea becoming a reality therefore rather than serving as a substitute for reading the actual book we hope that readers will use this summary as an introduction or a companion to the original piece

the classic work on investing filled with sound and safe principles that are as reliable as ever now revised with an introduction and appendix by financial legend warren buffett one of the author s most famous students and newly updated commentaries on each chapter from distinguished wall street journal writer jason zweig
