don t use canva or illustrator to produce your project the printer
always knows one of the most common mistakes new young or
inexperienced creatives make when building a project that needs to
be printed at a printer is that many don t know anything about
graphic production have no experience in it and think it s
perfectly acceptable to use an alternative like canva or
illustrator it s not trust me i know and so does the printer it s
going to cost your client twice the amount of money to print a
project you built outside of indesign in this book i m going to
teach you how to set up layout and build a file in indesign with
my step by step instructions pictures too you ll learn how to add
text place images wrap text around an image add page numbers and
more and have more confidence in using indesign

the complete idiot s guide to creating an html page provides users
with all the tools they need to create and customize their page
the friendly market proven approach of the complete idiot s guides
combines solid instructions with a light hearted style of wit and
humor the cd contains a webmaster s tool kit with everything
needed to build a home page

speak to the world with your very own custom website creating a
site is the kids guide to learning basic website design from
planning to perfecting this book walks you through the entire
process of building your own website with easy to read
instructions and plenty of pictures every step of the way good
planning saves you a ton of work so you ll begin by getting your
ideas out of your head and onto paper next you ll find a template
that already has the basic features you want so you can start
working on the fun stuff right away you ll learn all the html and
css you need to make your site look and act the way you want it to
and you ll learn how to add video images widgets and more to make
the design your very own before you know it you ll have your own

custom built website showcasing your talents and interests for the world if you want your own website why settle for a basic template that makes your page look like everyone else s you don t need to build it from scratch with a few simple lines of code you can transform a basic template into the site of your dreams this book shows you how to have fun from page one as you figure out just what kind of site you want to build create a mood board to bring your ideas into reality choose your favorite template and customize it with css and html add widgets pictures video and more to make your site your very own easy instruction with a dose of humor have made the for dummies books a leading resource for adults around the globe the dummies junior series brings that learning to kids with projects designed specifically for your interests skills and abilities creating a site helps you build your digital home base with fun instruction every step of the way
