lost civilizations provides a fascinating and comprehensive overview of the peoples and defining civilizations of all the continents on earth it sheds light on the power and influence of the persians greeks and romans on the ancient kingdoms and dynasties in china and india and on the achievements of the advanced civilizations of the inca maya and aztecs over 400 illustrations numerous maps and informative texts provide captivating portraits of early societies that have defined the course of human history

as the olmec culture developed in the early pre classic period we observe the phenomenon of the olmec heads and their mysterious origins through ideological management and coercion mechanisms the dominant ruler appears and alludes to forms of government exercised by individuals massive sculptures and large scale architecture represent the first representations of political power the socio political complex that developed thus encouraged the development of similar forms in other areas of mesoamerica resulting in the first stratified societies consisting of actual states as seen in teotihuacan in the mexican highlands monte alban in oaxaca and the maya city states during the classical period a corollary of this process was the rise of

some post classical societies that reached supra state levels such as the mexica who settled in the mexican highlands and established a true pan mesoamerican empire following this brief introduction it is time to examine each ancient mexican society considered the most significant in mesoamerica s political development

examines the history of mankind during the neolithic age and presents evidence that the stone age human was more advanced than science originally thought includes figures and photographs

through the use of never before published radar and resistance maps from nasa the russian space agency national geographic the european space agency and other organizations lost civilizations investigates 20 of the most intriguing lost cities in detail 150 illustrations

about 5 000 years ago the first urban societies developed laying the foundations for the first civilizations nearly all civilizations share the same few features they have abundant food surpluses contained cities political bureaucracies armies defined religious and social hierarchies and long distance trading ancient egyptian culture flourished between c 5500 bce with the rise of technology as evidenced in the glass work of faience and 30 bce with the death of cleopatra vii the last ptolemaic ruler of egypt it is famous today for the great monuments which celebrated the triumphs of the rulers and honored the gods of the land the culture is often misunderstood as having been obsessed with death but had this been so it is unlikely it would have made the significant impression it did on other ancient cultures such as greece and rome neolithic means a new stone a even though agriculture was the crowning achievement of the period civilizations started out small agriculture at first tended to tie only small groups together these groups also all settled along rivers important as a reliable and predictable source of water as time passed families usually worked the same plot of land over successive generations leading to the concept of ownership ancient mortars and grinding tools unearthed in a large mound in the zagros mountains of iran reveal that people were grinding wheat and barley about 11 000 years ago grass pea wild wheat wild barley and lentils were found throughout the site including some of the earliest known samples this was much further east than most sites known for early agriculture this book furnishes with utmost facility to all classes of readers the needed information on ancient civilization the unusual variety of the subject makes this a work of endless fascination

unearthing the scientific evidence myths and legends of ancient civilization the reminders of the ancients are everywhere they are saved in remnants in archaeology they are found in reminiscences in mythology they are recorded in books story song and stone who were these people aliens man or myths do we still see their influences today what remains of these inhabitants of the jungles lost cities and dwellings underground underwater and beyond how did they rise why did they fall will they rise again from pyramids and underground bunkers to watery graves and ancient astronauts lost civilizations the secret histories and suppressed technologies of the ancients examines the archaeological evidence and the traces left behind by more than 70 ancient civilizations including atlantis ḡbekli tepe anasazi disappearance in the american southwest nazca lines of peru turkey s̄atalh̄ȳok denisovan ancestors departure

amazon cities in the jungle neanderthal ancestors extinction the eden stories of theoretical physics underground cities of the grand canyon and many more from ancient egypt middle america and the nubian desert to the frozen antarctica underwater ruins of asia and clues of visits by ancient aliens lost civilizations explores the unanswered questions about the true origins of man might there have been advanced civilizations long before the days of ancient egypt and mesopotamia what do 3d imaging and new underwater mapping technology reveal what do prehistoric artifacts architecture carvings maps and monoliths tell us were rising waters erupting volcanoes catastrophic solar flares comet or asteroid fragments or some other unimaginable cataclysmic disasters the death of these advanced civilizations touring the world and reviewing the scientific evidence this fascinating book ties together historical events in one part of the world that produced actual effects in others uncovering hidden and suppressed pasts of technologically and culturally advanced ancient civilizations it looks at how modern civilization compares and contrasts to those who have gone before it will leave you with the sense that what has happened to past advanced civilizations might very well be happening again in our own time with more than 120 photos and graphics it is richly illustrated its helpful bibliography and extensive index add to its usefulness

were atlantis and lemuria factual places who built the pyramids and for what purpose how advanced was the technology of ancient cultures all this and more is covered in exposed uncovered declassified lost civilizations secrets of the past the latest in the all original series that is already sparking lively debate erich von dñiken best selling author of chariots of the gods examines the egyptian pyramids studying their astronomical implications and what message they were meant to convey thomas g brophy phd focuses on the mysterious nabta playa site in southern egypt and its connection to african history intrepid explorer of ancient america frank joseph covers archeological scandals and attempts to suppress evidence including the smithsonian s loss of maya skulls discovered in the aleutian islands researcher steven sora author of the lost colony delves into evidence that scotland s pictish originated in north america and were connected to the ancient micmac tribe of the americas philip coppens of the history channel s ancient aliens explores an ancient celtic network of roads that may be connected to a 4 000 year old land based reproduction of atlantis scholar and mystery explorer oberon zell ravenheart brings together the garden of eden the tree of life the great deluge and the sinking of lemuria marie d jones larry flaxman 11 11 the time prompt phenomenon explore what ancient civilizations knew about sound and resonance and how they may have used them to build megaliths and pyramids and achieve altered states journalist nick redfern reveals the u s government s abiding interest in our ancient past religious mysteries and enigmatic artifacts evidence of these ancient mysteries is everywhere if you know what to look for whether you re a believer a skeptic or somewhere in between exposed uncovered and declassified lost civilizations secrets of the past is sure to entertain and educate

the world is a mysterious place and there are whole epochs of history that our modern sensibilities have yet to come to grips with the ancient philosopher plato once spoke of an ideal society that met with cataclysmic destruction on an island called atlantis although long considered fantasy or metaphor there is reason to believe that atlantis did indeed exist about

this book the maya the indus valley civilization easter island angkor the incas the minoans the anasazi the mycenaean this book takes the original first martian relic apart and puts it back together for you piece by piece so you can see details of the many parts that comprise it you will also be introduced to several other relics found at the pathfinder landing site and a few from elsewhere on mars you might have already noticed the horned birds at the top of the first martian s frame you will see other creatures including the head and helmet of a second intelligent martian species

a compelling new portrait of the lost realm of lemuria the original motherland of humanity contains the most extensive and up to date archaeological research on lemuria reveals a lost ancient technology in some respects more advanced than modern science provides evidence that the perennial philosophies have their origin in lemurian culture before the indonesian tsunami or hurricane katrina s destruction of new orleans there was the destruction of lemuria oral tradition in polynesia recounts the story of a splendid kingdom that was carried to the bottom of the sea by a mighty warrior wave a tsunami this lost realm has been cited in numerous other indigenous traditions spanning the globe from australia to asia to the coasts of both south and north america it was known as lemuria or mu a vast realm of islands and archipelagoes that once sprawled across the pacific ocean relying on 10 years of research and extensive travel frank joseph offers a compelling picture of this mother land of humanity which he suggests was the original garden of eden using recent deep sea archaeological finds enigmatic glyphs and symbols and ancient records shared by cultures divided by great distances that document the story of this sunken world joseph painstakingly re creates a picture of this civilization in which people lived in rare harmony and possessed a sophisticated technology that allowed them to harness the weather defy gravity and conduct genetic investigations far beyond what is possible today when disaster struck lemuria the survivors made their way to other parts of the world incorporating their scientific and mystical skills into the existing cultures of asia polynesia and the americas totem poles of the pacific northwest architecture in china the colossal stone statues on easter island and even the perennial philosophies all reveal their kinship to this now vanished civilization

this book guides the reader through the best preserved ruins and monuments of petra the lost city of the nabateans and the desert cities of the negev and gives many practical tips for the visitor

the civilization of the maya in mexico and central america is one of the world s most intriguing archaeological puzzles at one time a sophisticated civilization around 800 a d cities were abandoned temples left unfinished and a powerful culture vanished charles gallenkamp unfolds the many wonders of this lost world and provides a rare look at the exciting explorations that are uncovering many of its long buried secrets provided by publisher

lost civilizations tar leseren med til nør 50 steder av arkeologisk interesse i både europa afrika asia og nord og sør amerika naturlig nok er noen landviet mer plass enn andre hellas italia egypt og mexico fikk mye plass boka er illustrert med store og flotte fargefotos og kart noe som gjør den til et funn for alle
