the doomsday machine is coming an ancient superweapon capable of destroying entire planets starship victory runs into a vast machine trapped inside an ion storm captain maddox doesn't know it yet but the meeting isn't an accident there's a traitor aboard ship implementing a secret plan threatening to destroy everything star watch has achieved against the new men now begins a deadly race against a hidden enemy captain maddox the crew and galyan are pitted against the masters of a centuries old conspiracy human existence lies in the balance the lost destroyer is the third book in the lost starship series

day to day naval actions from october 1940 through may 1941 provides detailed information on movements of all identifiable vessels of allied axis and neutral countries plus convoy movements and minefields information is broken down by month then by geographical area date and time this series is an invaluable source for historians students and anyone interested in the naval history of world war ii

in its revised and updated fourth edition this exhaustive encyclopedia provides a record of casualties of war from the last five centuries through 2015 with new statistical and analytical information figures include casualties from global terrorism the wars in iraq and afghanistan and the fight against the islamic state new entries cover an additional 20 armed conflicts between 1492 and 2007 not included in previous editions arranged roughly by century and subdivided by world region chronological entries include the name and dates of the conflict precursor events strategies and details the outcome and its aftermath

submarine duty in world war ii was extraordinarily dangerous nearly 22 percent of all american submariners who fought lost their lives what kind of man could face these odds day after day in a cramped leaky vessel hundreds of feet below the surface bill ruhe was one of them a twenty six year old ensign just three years out of the naval academy he kept a journal on eight action filled patrols against the japanese in the south pacific based on his colorful and meticulous notes war in the boats vividly describes a unique form of combat and the courageous individuals who could withstand its extreme pressures the author s combat operations ran the gamut of submarine actions in the pacific war his battles were fought in the three main types of american submarines or boats as submariners called them because his experiences were so extensive his book is one of the most inclusive descriptions of the undersea war against japan moreover war in the boats is not the dry work of a professional historian it is a young observant officer s impressions of the conflict s effect on a tightly knit and interdependent group of men a compelling and exciting true story that reads like the best naval fiction it will earn a place with run silent run deep das boot and the hunt for red october

the decision by the argentine junta to invade the falkland islands in april 1982 will probably be recorded by historians as one of the most serious tactical misjudgments of the 20th century while the rapid assembly and despactch sic of the british task force the actions of which were to convincingly demonstrate it to be so was an achievement that impressed the world description from book jacket
