famed critic terry eagleton takes a serious if often amusing look at the meaning of life eagleton first examines how centuries of thinkers and writers from marx and schopenhauer to shakespeare sartre and beckett have responded to the ultimate question of meaning he suggests however that it is only in modern times that the question has become problematic but instead of tackling it head on many of us cope with the feelings of meaninglessness in our lives by filling them with everything from football to fundamentalism he argues instead that the meaning of life is a matter of living in a certain way a certain quality depth abundance and intensity of life

the nearest thing to a rational discernment of meaning in life irvin singer suggests is the discernment of goals and values that we can find gratification and fulfillment in pursuing he offers wise counsel to that end along with rewarding glimpses into a wide range of literature

what are we asking when we ask what is the meaning of life can there be meaning without god is a happy life a meaningful life can an immoral life be meaningful does our suffering have meaning does death threaten meaning what is this thing called the meaning of life provides an engaging and stimulating introduction to philosophical thinking about life s meaning goetz and seachris provide the reader with accessible examples before looking at the main theoretical approaches to meaning and key philosophers associated with them topics covered include what does the question what is the meaning of life even mean does life have a purpose what is valuable do we matter does life or my life make any sense is there any meaning in

suffering does death threaten meaning would immortality be good or bad news for us with boxed summaries of key concepts and noteworthy examples discussion questions and suggestions for further reading included within each chapter this book is the ideal introduction to life's meaning for philosophy students coming to the subject for the first time

gabary set out to ask hundreds of men women from around the world the most fundamental question of all □ what is the meaning of life here are some of the most illuminating thought provoking of the many fascinating answers he received captured in these pages are the wisdom insight of world leaders the homeless oscar winning actors philosophers comedians taxi drivers teachers explorers prisoners on death row from all walks of life the famous the unknown alike share their insights to amuse intrigue move delight you somewhere between them all could be a key to the enduring mystery that is the meaning of life

what makes a person's life meaningful thaddeus metz offers a new answer to an ancient question which has recently returned to the philosophical agenda he proceeds by examining what if anything all the conditions that make a life meaningful have in common the outcome of this process is a philosophical theory of meaning in life he starts by evaluating existing theories in terms of the classic triad of the good the true and the beautiful he considers whether meaning in life might be about such principles as fulfilling god's purpose obtaining reward in an afterlife for having been virtuous being attracted to what merits attraction leaving the world a better place connecting to organic unity or transcending oneself by connecting to what is extensive he argues that no extant principle satisfactorily accounts for the three fold significance of morality enquiry and creativity and that the most promising theory is a fresh one according to which meaning in life is a matter of intelligence contoured toward fundamental conditions of human existence

who among us has not at some point asked what is the meaning of life in this extraordinary book an eminent social scientist looks at the big picture and explores what empirical studies from diverse fields tell us about the human condition meanings of life draws together evidence from psychology history anthropology and sociology integrating copious research findings into a clear and conclusive discussion of how people attempt to make sense of their lives in a lively and accessible style emphasizing facts over theories baumeister explores why people desire meaning in their lives how these meanings function what forms they take and what happens when life loses meaning it is the most comprehensive examination of the topic to date

the meaning of life religious philosophical transhumanist and scientific perspectives is the first book to summarize the writings of the important contemporary theologians philosophers and scientists on the question of the meaning of life in addition the book deals with the relevance of death for the question as well the huge importance that the potential scientific elimination of death will have for humanity s concern regarding meaning finally the book considers the question in the context of cosmic evolution and deep time offering in the end an answer to the question of whether life is or is not ultimately meaningful introduction

photographs are accompanied by comments from more than two hundred individuals both celebrities and average people about the meaning of life

an examination of the search for the answer to the meaning of life breaks down the six answers people commonly suggest when considering what life is all about and shows that the search for meaning is personal

featuring twenty five insightful selections by prominent philosophers literary figures and religious thinkers the meaning of life

serves as an ideal core text for courses on the meaning of life and introduction to philosophy courses where the topic is emphasized the fourth edition adds selections reflecting buddhist and confucian thought and also features a new part iv on the end of life raising issues about how our perspectives on death affect our understanding of the meaning of life

in the book the purpose of life an investigation of the meaning of life based on reason we answer the question what is the purpose of life we are all on planet earth for a very short time being born as human beings we are very lucky but what should we do with the lives that have been given to us you may not have asked yourself this question if you are young but most of us ask it once we have reached midlife in this book we attempt to discover the purpose of life first by defining the very question thereafter we discuss who we are as humans using reason and evidence we consider both the scientific and philosophical idealistic viewpoints and present a model based on the model of who we are we then define perception from there we draw conclusions about the purpose of human life finally we discuss the surrendering of life and its relationship to desire

the school of life s thought provoking and practical guide to one of the greatest questions we will ever face now in paperback to wonder too openly or intensely about the meaning of life can seem a peculiar ill fated and faintly ridiculous pastime it can seem like a topic on which ordinary mortals cannot make much progress in truth it is for all of us to wonder about define and work towards a more meaningful existence this book considers a range of options for where the meaning of life is to be found including love family friendship work self knowledge and nature we learn why certain things feel meaningful while others don t and consider how we might introduce more meaning into our activities what follows is a hugely thought provoking as well as practical guide to one of the greatest questions we will ever face

in 2006 i started a website themeaningoflifebook com and asked people around the world to answer the question what is the meaning of life then i waited over the next year i received thousands of written responses and hundreds of pieces of artwork from more than thirty countries around the world spanning six continents people from all walks of life young and old rich and poor of varying religions creeds and sexual orientations responded this book is a compilation of the artwork and written submissions i received it is meant to be a celebration of the infinite possibilities choices opinions diversity and beauty of life i hope it encapsulates even a tiny portion of the vast human experience and hopefully people can gain something of value in their lives by seeing what others from around the world think about this crazy little thing we call life

the question what is the meaning of life is one of the most fascinating oldest and most difficult questions human beings have ever posed themselves in an increasingly secularized culture it remains a question to which we are ineluctably and powerfully drawn drawing skillfully on a wealth of thinkers writers and scientists from augustine descartes freud and camus to spinoza pascal darwin and wittgenstein on the meaning of life breathes new vitality into one of the very biggest questions

the importance of spiritual well being and the role of meaning in moderating depression hopelessness and desire for death in terminally ill cancer and aids patients has been well supported by research and has led many palliative clinicians to look beyond the role of antidepressant treatment in this population clinicians are focusing on the development of non pharmacologic interventions that can address issues such as hopelessness loss of meaning and spiritual well being in patients with advanced cancer at the end of life this effort led to an exploration and analysis of the work of viktor frankl and his concepts of logotherapy or meaning based psychotherapy while frankl s logotherapy was not designed for the treatment of patients with life threatening illnesses his concepts of meaning and spirituality have inspired applications in psychotherapeutic work with advanced cancer patients many of whom seek guidance and help in dealing with issues of sustaining meaning

hope and understanding cancer and impending death in the context of their lives individual meaning centered group psychotherapy imcp an intervention developed and rigorously tested by the department of psychiatry behavioral sciences at memorial sloan kettering cancer center is a seven week program that utilizes a mixture of didactics discussion and experiential exercises that focus around particular themes related to meaning and advanced cancer patients are assigned readings and homework that are specific to each session s theme and which are utilized in each session while the focus of each session is on issues of meaning and purpose in life in the face of advanced cancer and a limited prognosis elements of support and expression of emotion are inevitable in the context of each group session the structured intervention presented in this manual can be provided by a wide array of clinical disciplines ranging from chaplains nurses palliative care physicians to counselors psychotherapists social workers graduate psychology students psychologists and psychiatrists

the meaning of life and the great philosophers reveals how great philosophers of the past sought to answer the question of the meaning of life this edited collection includes thirty five chapters which each focus on a major philosophical figure from confucius to rorty and that imaginatively engage with the topic from their perspective this volume also contains a postscript on the historical origins and original significance of the phrase the meaning of life written by leading experts in the field such as a c grayling thaddeus metz and john cottingham this unique and engaging book explores the relevance of the history of philosophy to contemporary debates it will prove essential reading for students and scholars studying the history of philosophy philosophy of religion ethics metaphysics or comparative philosophy

life and meaning surveys a variety of philosophical answers to the question what makes life worth living by collecting readings from a wide range of philosophical history it gives the various perspectives on the value and meaning of life aspects of life which appear to make it meaningless 9death suffering randomness are seen in the light of their long and varied history

in philosophical literature and are subjected to careful scrutiny the texts chosen here pose these and related issues and offer various responses by careful selection and helpful editorial introduction life and meaning gives essential texts which provide the background to contemporary enquiries is self realization a coherent ideal does it mean being true to our original nature rousseau or to our potential as rational animals aristotle should we live according to our desires and in pursuit of happiness mill should we appeal to a nature or essence be rejected as bad faith

over 100 extraordinary people one profound question countless life affirming answers including letters from julian fellowes president jimmy carter adam grant jane goodall bindi irwin pico iyer hilary mantel jodi picoult astro teller edward o wilson and more when james bailey was feeling lost in life he was inspired by philosopher will durant s project conducted in the 1930 s to write to one hundred luminaries in arts politics religion sport and sciences challenging them to respond to a direct yet fundamental question what is the meaning of life the response was more remarkable than he could have ever imagined a decade on james had garnered an incredible collection of replies collated here for the first time by turns thought provoking amusing and enlightening these letters from scientists writers campaigners athletes political leaders entertainers survivors and philosophers are a wonderful source of inspiration some are about happiness and heartbreak some are about purpose some are funny and some will change the way you think the meaning of life is a gift from people of all walks of life with incredible experience connecting through one meaningful question that broadens our understanding of what it really means to be human and happy it is more than just a collection of letters it s a roadmap to finding your own path
