a dingo ate my math book presents ingenious unusual and beautiful nuggets of
mathematics with a distinctly australian flavor it focuses for example on australian love of
sports and gambling and on melbourne s iconic mathematically inspired architecture
written in a playful and humorous style the book offers mathematical entertainment as well
as a glimpse of australian culture for the mathematically curious of all ages this collection of
engaging stories was extracted from the maths masters column that ran from 2007 to 2014
in australia s age newspaper the maths masters in question are burkard polster and marty
ross two immigrant aussie mathematicians who each week would write about math in the
news providing a new look at old favorites mathematical history quirks of school
mathematics whatever took their fancy all articles were written for a very general audience
with the intention of being as inviting as possible and assuming a minimum of mathematical
background

my first math book is the mathematic foundation for every student this book is a necessity
for every household to help create a fun way to learn math it teaches the fundamentals of
math and writing knowledge is power learning is fun

new interchange is a multi level series for adult and young adult learners of english from the
beginning to the high intermediate level student s book a contains units 1 8 the first half of
the complete student s book intro is designed for beginning students needing a thorough
slow paced presentation of basic functions grammar structures and vocabulary intro is
based on the principle that low level learning does not equal low level thinking topics are
presented in unique ways using interesting real life information beautiful color photographs
and illustrations facilitate the teaching of new vocabulary as with the other levels of new
interchange a complete set of ancillaries including a video program is available to make
classes interesting and productive

can you imagine a world where you no longer have to attend school beth s wish is to never
return to school again and play all day long she is the opposite of her brother michael who
loves school and gets good grades beth does not complete her homework preferring to play

with her best friend sally instead one night her history book magically transports her to the land of ignots this is a place where children do not attend school and they play all day long now beth has a new family who all encourage her to play mayor thunder ignot introduces her as a new member in the land of ignots beth is so happy but all is not as it seems will she return to her home or stay in the land of ignots
