this compilation of original essays does more than just illuminate the serious problem of teen violence and victimization it also provides resources that parents and teachers can use to address issues of violence with their teens and make a difference while it's widely known that hate crimes represent a serious issue among today's adolescent population most parents and perhaps even some educators may be unaware that gender based violence is the most prevalent type of hate crime committed by and experienced by teens and that adolescent girls are exposed to more violence than boys a complete understanding of the nature of the problem is fundamental to curtailing problems like cyberbullying and sexual harassment the psychology of teen violence and victimization is a two volume set that fills a gap in the current literature on teen violence by addressing the incidence psychological explanations and impact of all forms of teen violence the author a psychologist who has focused upon interpersonal problems centered on violence harassment and gender provides in depth discussion of the various types of violence committed by and against teens the set offers actionable prevention strategies for parents and teachers as well as individuals involved in community programs special attention is given to the impact of violence on adolescents emotional and physical health interpersonal relationships career development and

self concept

the complexities and tragedies arising from teen violence are problems faced on every continent in the world fourteen case studies of carefully selected countries representative of every region of the world are presented in this absorbing volume that is the first to examine the causes and possible solutions for the problem of teen violence around the world students and teachers can make cross cultural comparisons to discover how the problem is viewed in different countries how the problem is changing which factors seem to contribute to the rate of teen violence in almost all of the countries and which are unique to specific countries readers can also take a fascinating look at the various solutions to the problem that have been proposed and tested throughout the world each chapter is divided into similar subsections so students can easily compare specific topics among different countries and cultures they will find that the perception of teen violence in different countries does not always reflect the reality they can discover how such factors as drug use family dynamics and educational settings play an important role in teen violence across many different cultures while also discovering the unique settings and situations that contribute to violence in unfamiliar cultures this world view will help build better understanding of how social issues affect all societies

this compilation of original essays does more than just illuminate the serious problem of teen violence and victimization it also provides resources that parents and teachers can use to address issues of violence with their teens and make a difference

presents opposing viewpoints on the problem of teen violence discussing how serious the problem may be its causes and ways to reduce it

this compilation of original essays does more than just illuminate the serious problem of teen violence and victimization it also provides resources that parents and teachers can use to address issues of violence with their teens and make a difference

discusses specific cases of teenage violence including satanic cult activities racial and sexual attacks gang violence acquaintance rape and school violence examines why teens exhibit aggressive behavior and surveys the juvenile justice system

the first comprehensive overview to examine how sex and race ethnicity impact the interrelationships among youth violence violent victimization and gang membership

discusses different kinds of juvenile violence and their causes as well as the costs of this violence and possible solutions

there is no single explanation for the overall rise in youth violence many different factors cause violent behavior the more these factors are present in your life the more likely you are to commit an act of violence

a powerful and important book that explains the epidemic rise and complex underlying causes of youth violence and opens a discussion on strategies to protect our children from physical and emotional harm our children are our future yet every day new reports come in describing violent assaults against youths or dramatic increases in gang recruitment of teens or the terrible hostile environments children are forced to grow up in teen violence in america is a careful examination of the causes of this epidemic rise in youth violence but more than that it opens a discussion on strategies that have been proven most effective for

protecting our children from physical and emotional harm each of us has a responsibility to do all we can to ensure that children are raised happy healthy and emotionally whole change is needed as is a renewed commitment to our youth and the only way that can happen is if we understand the dangers our children face in their daily lives teen violence in america identifies those circumstances that place youths at risk for violent behavior what ignites this predilection into violent action and identifies strategies that can be employed to mitigate the damage and put them on a positive life track from family life to school environment and opportunities cultural and political influences drugs and gangs teen violence in america looks deeply into the different factors contributing to this epidemic

review of the current knowledge concerning youth violence and gang behavior considers risk factors for violence and gang formation functions served by violence and gang membership and strategies that have been empirically validated to be either beneficial or ineffective following an introductory chapter the first chapter looks at the nature of aggression including risk factors associated with aggression and violence the function of violence and peer association and the development of violence and aggression the following chapter focuses on youth gangs including reasons for gang memberships and why schools cannot combat violence and gang activity alone a self study to help schools identify needs and resources is included next prevention and intervention programs are addressed with emphasis on empirically validated or promising programs the role of functional assessment of behavior and the student is then considered followed by some cautionary notes concerning grouping high risk students together for intervention use of highly punitive consequences for behavior and employing gang members or ex gang members to deter gang affiliation contains approximately 75 references db

payne has written a comprehensive study of the planning implementation and evaluation of a local youth violence prevention project in riverside california we know local governments are accountable for the effective management of tax funds as such the proper planning and implementation of long term youth violence prevention efforts takes on added significance this project represents the first effort on the part of the city of riverside california to implement a preventive model based on social disorganization theory the basic premise of the model combines long term and short term goals that is increased social capital for youths and collective efficacy among adults in the community combined with acute intervention and suppression efforts help to mitigate the risks associated with youth violence it is hoped that this analysis may serve to inform other local governments on the most effective strategy in the prevention of youth violence
