this study offers us a fascinating survey of the struggle for arab hegemony between iraq and egypt as portrayed by the events surrounding the question of middle eastern defence 1945 58 and accentuated by the struggle over the baghdad pact

the four decades between the two universal exhibitions of 1888 and 1929 were formative in the creation of modern barcelona architecture and art blossomed in the work of antoni gaudi and many others at the same time social unrest tore the city apart topics such as art nouveau and anarchism have attracted the attention of numerous historians yet the crucial role of science technology and medicine in the cultural makeup of the city has been largely ignored the ten articles of this book recover the richness and complexity of the scientific culture of end of the century barcelona the authors explore a broad range of topics zoological gardens natural history museums amusement parks new medical specialities the scientific practices of anarchists and spiritists the medical geography of the urban underworld early mass media domestic electricity and astronomical observatories they pay attention to the agenda of the bourgeois elites but also to hitherto neglected actors users of electric technologies and radio amateurs patients in clinics and dispensaries collectors and visitors of museums working class audiences of public talks and female mediums science technology and medicine served to exert social control but also to voice social critique barcelona an urban history of science and modernity 1888 1929 shows that the city around 1900 was

both a creator and facilitator of knowledge but also a space substantially transformed by the appropriation of this knowledge by its unruly citizens

the united states took the initiative to the northern tier policy to create a defense barrier along the southern border of the soviet union and this policy later resulted in the baghdad pact this study addresses anglo american relations in relation to the northern tier policy and the formulation phase of the baghdad pact from 1953 to 1955

comprising 60 3 percent of the world s 7 2 billion population asia is an enigma to many in the west hugely dynamic in its demographic economic technological and financial development its changes are as rapid as they are diverse the sage handbook of asian foreign policy provides the reader with a clear balanced and comprehensive overview on asia s foreign policy and accompanying theoretical trends placing the diverse and dynamic substance of asia s international relations first and bringing together an authoritative assembly of contributors from across the world this is a reliable introduction to non western intellectual traditions in asia volume 1 part 1 theories part 2 themes part 3 transnational politics part 4 domestic politics part 5 transnational economics volume 2 part 6 foreign policies of asian states part 6a east asia part 6b southeast asia part 6c south central asia part 7 offshore actors part 8 bilateral issues part 9 comparison of asian sub regions

part i the idea of democracy

experts in japanese and american foreign relations address japan s role in international affairs looking at areas such as economics and security the asia region and japan and the future subjects include japan and petroleum the country s constitutional pacifism and un peacekeeping relations between japan and china and relations with the us during the clinton administration paper edition 842 5 26 95 annotation copyrighted by book news inc portland or

in the mid 1970s an ethno nationalist movement the tigray people s liberation front tplf emerged in north ethiopia in 1984 85 the guerrillas managed to lead a large part of tigray s people threatened by famine and civil war to the sudan the fugitives stayed there for six to seven years in camps led by tplf people they received training in ideology and self sufficiency

until world war ii the four corners region where new mexico colorado utah and arizona meet was a collection of isolated rural towns in the postwar baby boom era however small communities like farmington new mexico became bustling municipalities with rapidly expanding economies in quest for the golden circle arthur gomez traces the development of the four corners two industries mining and tourism to discover how each contributed to the economic and urban transformation of this region during the 1950s and 1960s focusing on four cities durango colorado moab utah flagstaff arizona and farmington new mexico gomez chronicles how these towns played key roles in the west s dramatic postwar expansion cities such as denver albuquerque phoenix tucson el paso and salt lake city all grew through use of the abundant petroleum uranium natural gas timber and other natural resources extracted from the four corners region but the energy boom in these towns was not to last with the arrival of foreign oil bringing economic growth to a halt in the early 1970s town leaders turned again to the land to stimulate their economy this time the resource was a seemingly inexhaustible one tourism gomez examines how business minded citizens marketed the area s scenic wonders and established the entire region as a tourist destination their efforts were further assisted by the selection of stunning federal lands mesa verde grand canyon and arches national parks as treasures protected and promoted by the national park service both mining and tourism however were beset by complex new problems and issues extensive highways for instance were planned to bisect a navajo reservation as gomez illustrates the growing cities in the four corners region felt tremendous competing pressures between outside business powers and local needs as their extractive economy boomed and busted and as they then struggled to attract tourism dollars in

addition he highlights the prominent roles played by federal agencies like the atomic energy commission and the national park service in shaping regional destiny an outstanding analysis of the complexities of postwar development quest for the golden circle successfully illuminates the history of one region within the larger story of the modern american west

this debate style reader is designed to introduce students to controversies in american foreign policy the readings which represent the arguments of leading political scientists and researchers reflect a variety of viewpoint and have been selected for their liveliness and substance and because of their value in a debate framework by requiring students to analyze opposing viewpoints and reach considered judgments taking sides actively develops student s critical thinking skills

saunders complements an understanding of the origins and evolution of woodrow wilson s beliefs particularly the notion of stewardship with an appreciation of the strengths and weaknesses of his leadership and the historical context within which he pursued his dreams based upon a thorough and systematic analysis of the available primary sources this work explores wilson s relationship with his parents his wives and his professional and political colleagues it examines his conduct of domestic and foreign policy from 1913 1921 as well as his inner turmoil over professed beliefs which conflicted with the demands of leadership this detailed account records the social background beliefs and behavior of one of america s most controversial and significant 20th century leaders woodrow wilson is perceived as the epitome of the modern idealist who took the united states into world war i to make the world safe for democracy however this book will show that this view of wilson is fraught with more than the usual distortions with the end of the cold war and the publication of the full body of wilson s papers it is now possible to examine wilson in a new and more complete light the tensions between wilson s private ambitions and his public role refute the main stereotype of him as an idealist
