this series of books explores what it means to live and worship among the many faiths unique to america s neighborhoods each book in the series illuminates the questions christians have about other faiths such as judaism islam hinduism jainism buddhism sikhism baha i zoroastrianism afro caribbean religions native american religions confucianism and shinto different faiths have different ideals of community and different kinds of rules in belonging lucinda mosher explores the vocabulary of america s many religions the theologies and rituals that create a sense of belonging and how these religions handle life s stages welcoming babies rites of passage for adolescents initiation and conversion interwoven with interviews and personal stories belonging is intended for interfaith education of all kinds a quick guide to each religion a glossary and recommended reading are included

faith in the fight tells a story of religion soldiering suffering and death in the great war recovering the thoughts and experiences of american troops nurses and aid workers through their letters diaries and memoirs jonathan ebel describes how religion primarily christianity encouraged these young men and women to fight and die sustained them through war s chaos and shaped their responses to the war s aftermath the book reveals the surprising frequency with which americans who fought viewed the war as a religious challenge that could lead to individual and national redemption believing in a christianity of

the sword these americans responded to the war by reasserting their religious faith and proclaiming america god chosen and righteous in its mission and while the war sometimes challenged these beliefs it did not fundamentally alter them revising the conventional view that the war was universally disillusioning faith in the fight argues that the war in fact strengthened the religious beliefs of the americans who fought and that it helped spark a religiously charged revival of many prewar orthodoxies during a postwar period marked by race riots labor wars communist witch hunts and gender struggles for many americans ebel argues the postwar period was actually one of reillusionment demonstrating the deep connections between christianity and americans experience of the first world war faith in the fight encourages us to examine the religious dimensions of america s wars past and present and to work toward a deeper understanding of religion and violence in american history

many americans say they are uncertain about their religious beliefs although they continue to attend christian and other churches interdenominational minister willis presents this beautifully written book to help questioners maintain their integrity while relating to the vast mystery that informs the universe beyond all understanding we know we don t know willis says and yet we all even atheists must stand on assumptions that help us lead good lives to explore these assumptions he discusses different ways of thinking about god scientific and mythical views the sources of good and evil and the need for both freedom and commitment he assures us we can all think reasonably about ultimate reality and find a faith that fits the book grew from theology classes willis taught in unitarian churches and universities and from conversations with discontented members of other discussion groups his clear and engaging prose is full of lively exchanges with his students frequent references to the best contemporary theologians bishop spong for example and to philosophers physicists mythologists and bible experts provide an inspiring resource for those who long to resolve the conflict between faith and reason doubt and belief

when faculty unexpectedly encounter students religious ideologies in the classroom they may respond with apprehension frustration dread or concern instructors may view this exchange as a confrontation that threatens the very heart of empirical study and worry that this will lead to a dead end in the learning process the purpose of this book is to explore what happens and what can happen in the higher education and even secondary school classroom when course content meets or collides with students religious beliefs it also considers the impact on learning in an environment where students may feel threatened angry misunderstood or in which they feel their convictions are being discredited this is a resource that offers ways of conceptualizing engaging with and responding to student beliefs this book is divided into three sections student views on the role of religion in the classroom general guidelines for responding to or actively engaging religious beliefs in courses such as legal and diversity considerations and specific examples from a number of disciplines including the sciences social sciences humanities and professional education professors from public private and religious institutions share their findings and insights the resounding lessons of this book are the importance of creating a learning space in which students can express their beliefs dissonance and emotions constructively without fear of retribution and of establishing ground rules of respectful discussion for this process to be valuable and productive this is an inspirational and practical guide for faculty navigating the controversial sensitive yet illuminating lessons that can be learned when religion takes a seat in the classroom

Recognizing the showing off ways to get this books **The Reformation Of Faith In The Context Of Late** is additionally useful. You have remained in right site to begin getting this info. get the The Reformation Of Faith In The Context Of Late partner that we offer here and check out the link.
