theatre lobby the rimers of eldritch by lanford wilson directed by louis w scheeder

the plot revolves around the sexual assault of a teenage girl and an unrelated murder trial  
in the town of eldritch exploring a community's reaction to rape lies and murder

mr wilson handles the collage technique so beautifully that we leave convinced no other  
method would have served half so well this reviewer liked rimers for its fluidity for its  
language for its almost musical sense of pattern the new york times the mystery is who he  
is who murdered him and what were the circumstances and to solve it wilson looks at the  
outsides and insides of his tiny middle western town he looks at a middle aging woman who  
falls in love with the young man who comes to work in her café he looks at a coarse nasty  
woman mistreating her senile mother who is obsessed with visions of eldritch being evil and  
headed for blood spilling he looks at a tender relationship between a young man a dreamy  
crippled girl but wilson sees far more than this he is grasping the very fabric of bible belt  
america with its catchword morality virgin god fearing and its capability for the vicious he  
senses the rhythm of its life and the cruelty it can impose he understands the speech  
patterns of its loveless gossips its sex hungry boys its compassionless preachers its car  
conscious blondes in the end his portrait of eldritch is full length and the truth of its  
revelations will be pondered long after the stage lights have dimmed and the play has  
ended
