the third edition of this outstanding textbook vividly describes china s extraordinary metamorphosis from a traditional self sufficient empire into a modern nation professor hsü surveys the main currents of modern chinese history from 1600 to the present focusing throughout on the forces that shaped china s political diplomatic intellectual social and economic history completely revised and up to date the text now devotes considerable coverage to the period from 1949 to 1981 and includes an entirely new section on china since the death of mao

this book explores the cultural bridges connecting george bernard shaw and his contemporaries such as charles dickens and arthur miller to china analyzing readings adaptations and connections of shaw in china through the lens of chinese culture li details the negotiations between the focused and culturally specific standpoints of eastern and western culture while also investigating the simultaneously diffused multi focal and comprehensive perspectives that create strategic moments that favor cross cultural readings with sources ranging from shaw s connections with his contemporaries in china to contemporary chinese films and interpretations of shaw in the digital space li relates the global impact of not only what chinese lenses can reveal about shaw s world but how intercultural and interdisciplinary readings can shed new light on familiar and obscure works alike

first published in 2001 routledge is an imprint of taylor francis an informa company

this 13 volume collection of previously out of print titles reissues some key works in the study of mao zedong s huge influence on china its politics economics and development into the power that it is today foreign policy the cultural revolution the fate of opponents chinese marxist thought all are covered here and more in this essential reference resource

this text covers chinese history since the 17th century and analyzes the return of hong kong and macao the author also explores china s emergence as a regional and global superpower chinese american rivalry and the unification with taiwan

in the first half of the twentieth century china moved from a millennium of imperial rule to the communist party led people s republic of china which remains today china in transformation argues that this enormously significant period in chinese history saw wrenching change throughout chinese society amounting to a social cultural and political transformation this new fully revised and updated edition takes full advantage of new research and formerly unavailable material to analyse the fascinating processes of revolution reform reaction and change in china during the period mackerras discusses the wars occupations and uprisings that marked the period including the boxer rebellion and the japanese occupation and includes a new chapter on postwar china and the civil war examines nation building and revolutions including the successful communist movement that has led to the rise of today s state acknowledges the prevalence of poverty and famine in the period but also gives space to the areas in which there was progress the introduction of mass secular education improvements in the status of women and in a new chapter details significant developments in culture literature and theatre written in an accessible style with a rich collection of documents chronology glossary a guide to further reading and a who s who summarising the careers and contributions of the main figures this new edition is essential for all those interested in understanding china s modern history

this book is one of the first scholarly analyses of the current social constructions of chinese american masculinities arguing that many of these notions are limited to stereotypes chan goes beyond this to present a more complex understanding of the topic incorporating historical references literary analysis and sociological models to describe the construct a variety of masculine identities chan also examines popular novels fu manchu and charlie chan films bruce lee comic books master of kung fu and literature m butterfly

china is on the rise in the globalized world the relationship between china and the united states has become the most important global issue in the twenty first century it is urgent to understand what is happening in china and where china is heading however there are many misconceptions about china in the west which affect westerners ability to objectively understand china and ultimately influence the making of foreign policy toward china the author attempts to challenge the misconceptions coming from both western societies and china and offer an integrated picture of contemporary china through systematically examining the major aspects of contemporary

chinese society and culture with the most recent data and presents convincing arguments in eighteen chapters for spurring mutual understanding between china and the west the author intends this book to be an interdisciplinary and comprehensive guide to china for a general audience and it covers a wide variety of topics including history family population chinese women economy environmental issues politics religion media u s china relations and other subjects this book demonstrates the author s extensive research and thoughtful examination of many sides of controversial issues related to china with a nice balance of western and chinese scholarship this is one of the few that are authored by scholars who originate from china and have their professional career in the united states but it is distinctive from the rest of studies on this subject in that the author is committed to examining today s china from chinese as well as western perspectives this is not only a scholarly book but also is suitable for general classes on china

traces china s transformations with a focus on china s incorporation process in the nineteenth century which help to grasp the historical origins of china s capitalism as europe s colonial powers reached china in the nineteenth century they became so strong that china could no longer ignore them given that the unprecedented geographical expansion of the european system undermined a china centered world order and brought unprecedented changes to chinese society an intriguing question why and how the chinese empire entered into the capitalist world economy has attracted increasing attention among historians historical sociologists and world systems researchers yet there has been no comprehensive monograph touching on china s incorporation process into the capitalist world economy to rectify this the road taken investigates china s incorporation process incorporation studies based on world systems analysis aims to illustrate the long term integration process of external arenas into the capitalist world economy ru traces china s transformations with a focus on how incorporation process unfolded over the course of a century 1780s 1890s which represents a watershed era in the relations between china and the capitalist world

through the individual characteristics of china s political leaders a nation building process began chinese leaders fell into two categories of reformers conservative and liberal conservative reformers saw a corruption of the moral order of society that needed to be eliminated in order to restore the country s moral integrity while liberal reformers attempted to embrace the flaws and lead china toward socialism one hundred chinese leaders from the opium war to 2001 are profiled in this comprehensive biographical dictionary this book provides the most up to date coverage of modern chinese political leadership during the imperial republican and communist periods political leaders throughout each period had a common desire for reform within the country while maintaining china s political and cultural legacy leung invokes the uniqueness of those leaders in their struggle for personal gain and national improvement as they fought to preserve traditional values written by 30 international scholars and experts in the field using both western and chinese sources this is the most authoritative dictionary on the subject
