tourism is the fourth biggest industry in the world what are the key concepts in

tourist studies this essential resource for students of tourism contains concise and authoritative entries on planning tourism sustainable tourism festivals and events cultural tourism economics of tourism regeneration the experience economy urban tourism sex tourism shrewdly judged to suit the needs of the modern student the book offers the basic materials tools and guidance for making sense of tourism and gaining the best results in essays and exams

based upon a social science approach to understanding the significance of tourism in contemporary society andrew holden s fascinating book highlights tourism as a multidisciplinary area of study with rich and varied theoretical underpinnings here holden introduces social science disciplines and applies relevant theories to the understanding of tourism he investigates how the economic and political structures of society influence the manifestation of tourism at a global level and subsequently considers a variety of topical issues including citizenship and social exclusion tourism as a form of trade consumerism the consequences of tourism and feminism and ethics each chapter includes a brief introductory summary of the discipline a critique of its main theories and concepts which have relevance to tourism a discussion of how the theories and concepts have been applied to tourism using cases and examples international case studies and examples punctuated with study and teaching aids chapter summaries and think points to encourage reflection this excellent broad ranging textbook provides a wider understanding of tourism s role in society

the strongest overview i have encountered of the scope and the current state of research across all the fields involved in advancing our understanding of tourism for its range of topics depth of analyses and distinction of its contributors nothing is comparable professor dean maccannell university of california davis the breadth of vision and sweep of accounts is remarkable and range of topics laudable a rare combination of the authoritative the challenging and stimulating professor mike crang durham university tourism studies developed as a sub branch of older disciplines in the social sciences such as anthropology sociology and economics and newer applied fields of study in hospitality management civil rights and transport studies this handbook is a sign of the maturity of the field it provides an

essential resource for teachers and students to determine the roots key issues and agenda of tourism studies exploring the evolution and position of tourism studies the relationship of tourism to culture the ecology and economics of tourism special events and destination management methodologies of study tourism and transport tourism and heritage tourism and postcolonialism global tourist business operations ranging from local to global issues and from questions of management to the ethical dilemmas of tourism this is a comprehensive critically informed constructively organized overview of the field it draws together an inter disciplinary group of contributors who are among the most celebrated names in the field and will be quickly recognized as a landmark in the new and expanding field of tourism studies

the extensively revised second edition of issues in cultural tourism studies provides a new framework for analyzing the complexity of cultural tourism and its increasing globalization in existing as well as emergent destinations of the world the book will focus in particular on the need for even more creative tourism strategies to differentiate destinations from each other using a blend of localized cultural products and innovative global attractions the book explores many of the most pertinent issues in heritage arts festivals indigenous ethnic and experiential cultural tourism in urban and rural environments alike this includes policy and politics impact management and sustainable development interpretation and representation marketing and branding and regeneration and planning as well as exploring the inter relationships between the cultural and tourism sectors local people and tourists the book provides suggestions for more effective and mutually beneficial collaboration new edition features include an increased number of topical case studies and contemporary photographs which serve to contextualize the issues discussed a re orientation towards global rather than just european issues three brand new chapters on the geography of cultural tourism the politics of global cultural tourism and the growth of creative tourism an extensively revised chapter on experiential tourism at the interface between the global and the local a people centred approach to planning and development is advocated to ensure that benefits are maximized for local areas a sense of place and identity are retained and the tourist experience is enhanced to the full the text is unique

in that it provides a summary and a synthesis of all of the major issues in global cultural tourism which are presented in an accessible way using a diverse range of international case studies this is a beneficial and valuable resource for all tourism students

in today's increasingly complex tourism environment decision making requires a rounded well informed view of the whole critical distance should be encouraged consultation and intellectual rigour should be the norm amongst managers and there needs to be a radical shift in our approach to educating future tourism and hospitality managers and researchers this second edition intends to move the debate forward by exploring how critical tourism inquiry can make a difference in the world linking tourism education driven by the values of empowerment partnership and ethics to policy and practice this volume is designed to enable its reader to think through vital concepts and theories relating to tourism and hospitality management stimulate critical thinking and use multidisciplinary perspectives the book is organized around three key ways of producing social change in and through tourism critical thinking critical education and critical action part one focuses on the importance of critical thinking in tourism research and deals with two key topics of our academic endeavours i tourism epistemology and theoretical and conceptual developments ii research entanglements knowledge production and reflexivity part two considers the university as a site for activism by mapping out the moral academic and practical role of educators in developing ethical and responsible graduates and explores the student experience the final part attempts to provide new understandings of the ways in which social justice and social transformation can be achieved in and through tourism this timely and thought provoking book which collectively questions tourism's current and future role in societal development is essential reading for students researchers and academics interested in tourism hospitality

over the past decade tourism studies has broken out of its traditional institutional affiliation with business and management programs to take its legitimate place as an interdisciplinary social science field of cutting edge scholarship the field has emerged as central to ongoing debates in social theory concerning such diverse

topics as postcolonialism mobility and postmodernism to name just a few while there has been a diverse body of empirical research on this transformation the theoretical discussions in tourism studies remain largely attached to theories of modernity and anglo centric assumptions about tourism there is a need for the field to come to terms theoretically with the contemporary and future realities of tourism as a truly global phenomenon real tourism is a significant volume which sets this new theoretical agenda engaging directly with what tourism does in practice and in place and demonstrates the need for a theoretical intervention that moves tourism scholarship beyond the province of anglophone thinking the volume achieves this by explicitly bridging "the western" and "the non western" scholarship on tourism reframing theoretical discussions around "real practices" instead of abstract typologies and radically delinking tourism theory from the grand narratives of modernity and assumptions about authenticity identity tradition and development the book brings together leading academics in the field and provides provocative multidisciplinary and multi contextual reflection on the future of tourism this original timely and compelling volume puts forward new post modernist ideas and arguments about tourism today and in the future it is essential reading for students researchers and academics interested in tourism

the first authoritative overview of tourism studies published post covid 19 the wiley blackwell companion to tourism remains a definitive reference in this interdisciplinary field edited and authored by leading scholars from around the world this state of the art volume provides a comprehensive critical overview of tourism studies across the social sciences in depth yet accessible chapters combine established theories and cutting edge developments and analysis addressing a wide range of current and emerging topics issues debates and themes the second edition of the companion reflects the complexity of the changing field incorporating new developments diverse theories core themes and fresh perspectives throughout new and revised chapters explore the organization and practice of tourism pressing health economic social and environmental challenges the impact of the covid 19 pandemic on tourism and the tourist industry empowerment placemaking mindfulness and wellbeing resident attitudes towards tourism chinese outbound tourism public transport long distance walking

and more covers the full spectrum of tourism studies including its connections to geography sociology urban studies sustainability marketing management globalization and policy outlines exciting new and emerging approaches theoretical foundations and major developments in tourism studies offers perspectives on major topics including the role of tourism in the anthropocene global and local change resilience innovation and consumer and business behavior sets an agenda for future tourism research and reviews significant issues in theory method and practice features new contributions from an international panel of younger scholars and established researchers with a wealth of up to date bibliographic references and extensive coverage of the tourism related literature the wiley blackwell companion to tourism second edition is required reading for undergraduate students postgraduate researchers lecturers and academic scholars in tourism studies tourism management tourism geography tourism theory sociology urban studies and globalization as well as professionals working in tourism and hospitality management worldwide

new approaches to tourism study demonstrate a notable critical turn a shift in thought that emphasises interpretative and critical modes of tourism inquiry the chapters in this volume reflect this emerging critical school of tourism studies and represent a coordinated effort of tourism scholars whose work engages innovative research methodologies since such work has been dispersed across a variety of tourism related and other research fields this book responds to a pressing need to consolidate recent advances in a single text adopting a broad definition of criticality the contributors seek to find fresh ways of theorising tourism by locating the phenomenon in its wider political economic cultural and social contexts the collection addresses the power relations underpinning the production of academic knowledge presents a range of qualitative data collection methods which confront the field's dominant post positivist approaches foregrounds the emotional dynamics of research relations and explores the personal the political and the situated nature of research journeys the book has been divided into two parts with the essays in the first part establishing a context specific framework for engaging philosophical and theoretical debates in contemporary tourism enquiry the second set of essays then present discuss and critique specific methodologies

research techniques methods of interpretation and writing strategies all of which are in some sense illustrative of critical tourism research contributors range from postgraduate students to established academics and are drawn from both the geopolitical margins and the powerbases of the tourism academy their various relationships with the english speaking academy thus range from relative outsider to well positioned insider and as a result their essays are reflective of a range of locations within the complexly spun web of academic power relations and social divisions

the theme of this book focuses on the being of tourism and knowledge construction in tourism it discusses both ontological and epistemological issues in tourism studies in addition to examining what constitutes tourism knowledge and how tourism knowledge is acquired various theoretical and methodological paradigms will also be addressed

this text introduces tourism students to concepts drawn from critical theory cultural studies and the social sciences it does so with a light and readable touch highlighting the ideas that underlie contemporary critical tourism studies in a practical and engaging way specifically the authors examine how post structuralist thought has led to a re imagining of power relationships and the ways in which they are central to the production and consumption of tourism experiences eleven clear relevant chapters provide an accessible introduction to tourism defining explaining and developing the key issues and methods in this exciting field these topics include regulating tourism commodifying tourism embodying tourism performing tourism tourism and the everyday tourism and the other tourism and the environment tourism and the past tourism mobilities researching tourism a strong teaching text this will be well received by lecturers seeking an authoritative multi disciplinary book on contemporary tourism and by students who want a practical grounded introduction which understands their learning and research needs

this volume has as its central theme the presentation of original papers which seek to critique deconstruct and go beyond existing research and knowledge frontiers in tourism the text also includes debates on the value of tourism

research at the institutional level and discussions of tourism research agendas which still remain under or unexplored

this book systematically sets out the main types of frameworks that have been used in tourism research examining their distinguishing features and how they are used and illustrating these with specific examples in this way the book seeks to assist researchers to become more conscious of the range of frameworks available and be more aware of the opportunities for using them to foster a critical appreciation of appropriate frameworks both in their own work and the work of others and to develop and or apply frameworks more effectively and thereby enhance the quality of their research and the way in which it is communicated the book has 10 chapters an author index and a subject index

in this volume leading experts from different disciplines and diverse geographic regions discuss fundamental often controversial topics in the field of tourism studies the book attempts to understand identify and analyse some of the perennial problems and challenges encountered by tourism researchers the debates include topics such as the concept of the tourist the long term sustainability of tourism development the growth of volunteer tourism and the vulnerability of tourism bringing together the collective wisdom of 37 renowned tourism scholars in a unique format this is an important text for undergraduate and postgraduate students tourism researchers and industry professionals

tourism as an industry is constantly changing trends and attitudes are frequently susceptible to changes in what people look for in a holiday which can change with economic context generational shifts or the political landscape in the business of tourism chris holloway and claire humphreys help students to not only understand these new changes but to study them with a critical mindset an essential text for students of tourism management or travel tourism its historical context is combined with background theory and research plus up to date international case studies to examine in detail the tourism product alongside its impacts and the nature of a tourist this classic book has constantly offered a well rounded yet hands on business view of the tourism industry and this updated edition is no exception providing depth and breadth of coverage makes it a one

stop shop for students looking to purchase just one textbook during their degree a focus on business and the operational aspects of tourism give the text an applied feel rather than a descriptive overview making it useful for any student wishing to work or take a placement in one of the many diverse sectors of the tourism industry history chapter that is not included in other texts which gives a stimulating historical perspective to students for whom an understanding of the development of the tourism industry through the ages is desirable for success in assessments

within the tourism industry there is a growing consensus on the need for research to investigate the economic social and environmental impacts of tourism however existing research methods texts are based solely on either the business approach or the social science approach to tourism they often fail to provide real world examples of how to plan implement or analyse tourism related research this book aims to address this divide by integrating theory with practice through the inclusion of specific tourism research case studies alongside research theory it considers a wide range of research issues approaches and techniques with contributions from both experienced and new researchers

this collection of essays develops the historical dimension to tourism studies through thematic case studies the editor s introduction argues for the importance of a closer relationship between history and tourism studies and an international team of contributors explores the relationships between tourism representations environments and identities in settings ranging from the global to the local from the roman empire to the twentieth century and from frinton to the far east

this volume seeks to review and stimulate interest in a number of emerging and fresh topics in contemporary tourist behaviour and experience topics explored include the effects of newer technologies on tourists behaviour and experience tourists experience of scams safety and personal responsibility individual perspectives on sustainability and some dimensions of tourists personal growth relationships and altruism

in this edited collection of reflective challenging and sometimes provocative

papers derived from the 20th anniversary meeting of the international academy for the study of tourism leading international tourism scholars analyze what progress has been made in tourism research in the last two decades and where research might go in the future

the routledge handbook of tourism research is a compendium of some of the most relevant issues affecting tourism development today the topics addressed in this book provide some new thinking for those involved in tourism research this book takes the reader from the beginnings of tourism research to a discussion of emerging forms of tourism and selected examples of tourism development the underlying theoretical dimensions are reviewed analysed and discussed from a number of perspectives this book brings together leading researchers many of whom are members of the international academy for the study of tourism to discuss tourism today and its future the works included in this volume are diverse in terms of geographical context research methodology root discipline and perspective this book represents studies based in europe north america oceania and asia research methodologies include both quantitative and qualitative both macro and micro issues are discussed from the economic psychological sociological political science marketing and other perspectives which reflect the interdisciplinary nature of tourism studies this book is divided into 6 sections section 1 considers the foundations for tourism research section 2 discusses the implications for destination management and section 3 discusses planning for tourism development section 4 covers human capital for tourism development and finally section 5 evaluates emerging forms of tourism and then section 6 offers insights into tourism evolution it offers the reader a comprehensive synthesis of this field conveying the latest thinking and research the text will provide an invaluable resource for all those with an interest in tourism research this is essential reading for students researchers academics of tourism as well as those of related studies in particular leisure hospitality development studies
