catholics in the world the members of opus dei constitute almost a hundredth of one percent though their numbers might be relatively minuscule their reputation is many orders of magnitude greater while the guiding lights of the church have taken a more friendly modern approach to religion in the last century the members of opus dei have stuck rigidly to the traditions of old in doing so they have become known as the hardcore the fiercely devoted the stringently religious unmoving distant and utterly compelling in an age when the vatican is reaching out to many millions of people worldwide opus dei seems to be shrouded in secrecy a secret sect that adheres to the ancient practices of christianity perhaps because of this adherence to the older models of christianity the group has come to represent the most devoted and most controversial of all catholic arms its practices are said to include ancient languages self flagellation corporal mortification aggressive recruiting controlling the free will of members cult like behavior misogynistic policies support of fascists and many more secrets hidden away within the organization's walls in this book we will attempt to look deeply into the hidden history of catholicism's most radical and divisive sect using ancient texts accounts of former members extensive research and secret documents we will discover the truth behind opus dei if you would like to learn more about this zealous sometimes terrifying organization then read on for the truth behind catholicism's secret sect this book is all you will ever need let's get started scroll back up and order your copy today

the dialectics of secret society power in states explores a fascinating problem neglected by social science for many years the political role of secret societies in state systems through a comparative study of secret society activity in five states this book provides a penetrating analysis of the dynamics of state secret society power relations the five states and corresponding secret societies presented in this study are liberia poro and sande ottoman turks bektashi ching china white lotus malaysia triad and south africa broederbond unique to this book is the portrayal of secret societies as organizations responsive to the conflicts generated by structural contradictions within state systems and the larger social systems of which states are integral units unlike earlier studies of secret orders that provide largely descriptive accounts of secret organizations and their rituals the dialectics of secret society power in states clearly

identifies the nature of the conflicts in which secret societies are involved and shows how this involvement impacts on the secret order and its power relations with the state this study also presents an integrated theoretical assessment of secret societies as both products of as well as forces for sociopolitical change it will be of particular interest to political anthropologists and political sociologists as well as those studying social and revolutionary movements in asia and africa book jacket title summary field provided by blackwell north america inc all rights reserved
