challenging the notion that modernization is a homogenizing process susan rogers contends that in the course of large scale transformations communities often reproduce and strengthen distinctive cultural and social features to make this argument she focuses on the french farming community of ste foy during a period of rapid change 1945 75 using ethnographic field data and archival material that she collected as a participant observer she finds an intriguing puzzle an allegedly archaic social form the ostal has become increasingly common in the community the ostal a type of family farm organized around an extended stem family household is a variant of the stem family systems associated with preindustrial southern europe how have ste foyans continued to remake this archaic mode as their community grew more prosperous and more involved in national and international markets in showing how the specific identity of a community is reproduced rather than obliterated by modernization the author reveals dialectical relationships between structure and change history and culture and the centralized nation state and regional diversity this analysis addresses anthropologists historians and scholars interested in local politics and economic development

shaping modern shanghai provides a new understanding of colonialism in china through a fresh examination of shanghai s international settlement this was the site of key developments of the republican period economic growth rising chinese nationalism and sino japanese conflict managed by the shanghai municipal council 1854 1943 the international settlement was beyond the control of the chinese and foreign imperial governments jackson defines shanghai s unique hybrid form of colonial urban governance as transnational colonialism the council was both colonial in its structures and subject to colonial influence especially from the british empire yet autonomous in its activities and transnational in its personnel this is the first in depth study of how this unique body functioned on the local national and international stages revealing the council s impact on the daily lives of the city s residents and its contribution to the conflicts of the period with implications for the fields of modern chinese and

colonial history

a well researched and pertinent discussion of one of american liberalism s most important exponents choice a concise intelligent and highly readable study what is fresh and extremely valuable is the flesh that stettner puts on the bones of the old generalization about croly and liberalism this is a worthy addition to the literature on this important and influential american thinker american historical review

taxes affect everyone yet few topics spark more confusion or controversy politicians warn of capital flight economists debate incentives and citizens often feel cheated no matter what they earn the tax paradox explains why blending real world data economic theory behavioral psychology and global case studies this book dismantles myths about high income migration explores why fairness feels impossible to define and shows how trust not rates forms the foundation of every successful tax system spanning fifteen chapters it offers an engaging and human perspective on why wealthy people rarely flee high tax regions how tax systems accidentally create inequality why reform is so difficult even when everyone agrees it s needed the psychology behind fairness and emotional tax reactions how digital economies automation and global mobility are reshaping the future what it takes to design a tax system that is fair modern and resilient clear insightful and deeply human the tax paradox invites readers to see taxation not as a burden but as a collective investment in society s future

in this volume anthony reid positions southeast asia on the stage of world history he argues that the region not only had a historical character of its own but that it played a crucial role in shaping the modern world southeast asia s interaction with the forces uniting and transforming the world is explored through chapters focusing on islamisation chinese siamese cham and javanese trade makasar s modernising moment and slavery the last three chapters examine from different perspectives how this interaction of relative equality shifted to one of an impoverished third world region exposed to european colonial power amazon

reassesses the short life and career of american essayist critic and founder of cultural radicalism bourne 1886 1918 known today

mostly for his opposition to us military involvement in europe and warnings about the military industrial complex vaughan political science u of minnesota duluth argues that his stance from outside establishment perspectives was not a retreat from politics as many have claimed but a form of political engagement free from the suppositions that impede genuine debate and democratic change annotation copyrighted by book news inc portland or
