this book explores the use and development of man's symbolizing capacities those qualities that make him distinctly human
dr
whitmont describes the symbolic approach to a dream which takes into account a symptom's meaning in reference to an unfolding wholeness of personality he then presents the view that the instinctual urge for meaning is served by the symbolizing capacities and that this urge has been repressed in our time in the field of psychology this symbolic approach is most fully exemplified by the theories of C. G. Jung the author's contribution includes many differentiations and speculations especially concerning the problems of relatedness

an introductory guidebook to dream interpretation which will be of interest to analysts and therapists both in practice and training and to a wider readership interested in the origins and significance of dreams

the nineteenth century novel identities provides an ideal starting point for understanding gender in the novels of this period it explores the place of fiction in constructing gender identity within society at large considering madame bovary portrait of a lady and the woman in white the book continues with a consideration of the novel at the fin de siecle examining dracula the awakening and heart of darkness these fascinating essays illuminate the ways in which the conventions of realism were disrupted as much by anxieties surrounding colonialism decadence degeneration and the new woman as by those new ideas about human psychology which heralded the advent of psychoanalysis the concepts which are crucial to the understanding of the literature and society of the nineteenth century are brilliantly explained and discussed in this essential volume

these essays are clearly not about play as unseriousness not about fun and games a point that should be abundantly demonstrated by the reference to the death camps of the holocaust they are about the space the spielraum necessary for the wheel of life to turn soulfully christine downing s essays may be felt to function as a possible prelude to the play of a truly ludic imagination which like buber s slow medicine quietly enters the soul working into the heart awakening a secret melody to be noticed only later preludes indeed david l miller author of three faces of god and hells and holy ghosts

nothing short of a masterpiece one of the great critical works produced since the 1950s new york times

what are the religious impulses in the 1976 film rocky and how can they work to shape one s social identity do the films alien and aliens signify the reemergence of the earth goddess as a vital cultural power what female archetypes borne out of male desire inform the experience of women in nine and a half weeks these are among the several compelling questions the authors of this volume consider as they explore the way popular american film relates to religion oddly religion and film two pervasive elements of american culture have seldom been studied in connection with each other in this first systematic exploration the authors look beyond surface religious themes and imagery in film discovering a deeper implicit presence of religion they employ theological mythological and social and political criticism to analyze the influence of religion in all its rich variety and diversity on popular film perhaps more importantly they consider how the medium of film has helped influence and shape american religious culture secular or otherwise more than a random collection of essays this volume brings to the study of religion and film a carefully constructed analytic framework that advances our

understanding of both screening the sacred provides fresh and welcome insight to film criticism it also holds far reaching relevance for the study of religion progressive in its approach instructive in its analyses this book is written for students scholars and other readers interested in religion popular film and the impact of each on american culture

drawing upon critical social theorists like habermas depth psychologists like jung and phenomenologists like husserl denhardts shows how the ethic of organization inhibits the individual's search for meaning and then discusses strategies for enhancing the individual's role he champions independence expressiveness and creativity over discipline regulation and obedience

abdulkader tayob introduces islamic teachings practices and values referring to issues such as gender and community and the challenges and opportunities that face members of the islamic faith in the 21st century

with this second volume of poetry nasr whose name the reader usually associates with the philosopher the historian and the scientist further explores the pilgrimage of life and invites readers to realize their true transcendent destination world religions

handmade midrash is visual theology which uses an original interdisciplinary approach relating biblical knowledge to personal development milgrom has written this guide to her highly successful workshops

journeys beyond the pale is the first book to examine how yiddish writers from mendeleyev to der nister to the famed sholem aleichem used motifs of travel to express their complicated relationship with modernization the story of the jews of the pale of settlement encompasses current day russia the ukraine belarus and poland
