william roberts clark matt golder and sona nadenichek golder s groundbreaking principles of comparative politics offers the most comprehensive and up to date introduction to comparative inquiry research and scholarship in this thoroughly revised third edition readers have an even better guide to cross national comparison and why it matters readers are offered a new intuitive take on statistical analyses and a clearer explanation of how to interpret regression results a thoroughly revised chapter on culture and democracy that now includes a more extensive discussion of cultural modernization theory and a new overview of survey methods for addressing sensitive topics and a revised chapter on dictatorships that incorporates a principal agent framework for understanding authoritarian institutions examples from the gender and politics literature have been incorporated into various chapters and empirical examples and data on various types of institutions have been updated the book s outstanding pedagogy includes more than 250 tables and figures numerous photos and maps end of chapter exercises and problem sets and a broader set of works cited new to this edition a new intuitive take on statistical analyses and a clearer explanation of how to interpret regression results are included a thoroughly revised chapter on culture and democracy includes a more extensive discussion of cultural modernization theory and a new overview of survey methods for addressing sensitive topics a revised chapter on dictatorships incorporates a principal agent framework for understanding authoritarian institutions examples from the gender and politics literature have been incorporated into various chapters empirical examples and data on various types of institutions have been updated online videos and tutorials guide students through some of the methodological components addressed in the book

written by eminent sociologists this book introduces and assesses some of the most influential recent sociological theories each chapter explains the theory and describes a related program of empirical research chapters are authored by the actual founders and or leading exponents of these theoretical programs many chapters contain a description of the inception growth and present status of the theoretical program the book covers a broad range of sociological concerns from the investigation of power and status processes to social movements and revolutions to organizational and institutional structures to world system analysis accessibly written for a wide sociological audience this book is an invaluable introduction for undergraduates and graduates to sociology s most important theoretical advances

adapted from the groundbreaking bestseller principles of comparative politics third edition foundations of comparative politics presents a scientific approach to the rich world of comparative inquiry research and scholarship providing students a guide to cross national comparison and why it matters to them this condensed more accessible format introduces students to the key questions in

comparative politics using brief insights from tools such as decision social choice and game theory to help them understand clearly why some explanations for political phenomena are stronger than others foundations concentrates on describing the core features of regimes and institutions and on analyzing how these fundamental attributes drive variation in the economic and political outcomes we care about most this approach more closely replicates what comparative scholars do constructing and testing theories on political phenomena over basic memorization of country specific facts to explain rather than describe illustrated with current examples that show the application of theory students gain invaluable real world skills in critical thinking and empirical analysis that they will carry with them long after the course is over give your students the sage edge sage edge offers a robust online environment featuring an impressive array of free tools and resources for review study and further exploration keeping both instructors and students on the cutting edge of teaching and learning

loyal employees attract loyal customers companies must adapt to evolving expectations and engage their employees in the same way that they engage their customers successful business leaders create a culture of listening across their organizations to inspire loyalty and build a competitive advantage in loyal microsoft executive aaron painter explains how accomplished leaders use the time tested secret of listening to turn the concept of loyalty into a powerful reality while working in china painter experienced firsthand how customer and employee retention is key to building a successful company loyal teaches you how to develop opportunities in a global ever changing business environment the book provides insightful suggestions about how companies can create a culture of active listening to engage their most valuable resource people whether they are customers or employees by building respectful relationships and strengthening those connections through the techniques painter describes any organization can position itself for sustained growth

how do political institutions help promote prosperity in some countries and poverty in others what can be done to encourage leaders to govern not for patronage but for economic growth in this book such distinguished political economists as douglass north robert barro and stephen haber answer these questions providing a solution to one of the most important policy puzzles of the new century how to govern for prosperity the authors begin from a premise that political leaders are self interested politicians rather than benign agents of the people they lead when leaders depend on only a few backers to stay in power they dole out privileges to those people thereby dissipating their country's total resources and national growth potential on the other hand leaders who need large coalitions to stay in office implement policies that generally foster growth and political competition over ideas the result is that those who promote policies that lead to stagnation tend to stay in office for a long time and those who produce prosperity tend to lose their jobs analyzing countries in north and south america and asia the authors discuss the range of political regimes that permit or even encourage leaders to rule by mismanaging their nation's resources and they show that nations must forge institutions that allow all social groups to participate in and benefit from the economy as well as force political leaders to be responsible for policy outcomes

in three years livingston helped the 17 000 employee strong crossmark increase its sales revenues by 30 percent and add an additional 2 400 workers livingston will promote the book on his busy speaking tour which includes keynote addresses at several large consumer products information conferences includes numerous on the street examples and case studies throughout the book

in today's business environment people rather than products technology and processes are increasingly becoming the crucial factor in differentiating profitable organizations from those that are not it is therefore important to understand employee commitment and loyalty in organizations this book begins by defining loyalty the types of loyalty emotional and behavioural and how these can be measured and interpreted the author discusses the potency of combining the two types of loyalty to segment employees into different categories which can then yield loyalty rankings he goes on to discuss the elements that can be tweaked and managed and which impact on the loyalty scores of an employee this book concludes with the processes involved in building accountability in order to ensure that everyone in the organization is aligned to and expends energy in building employee loyalty

clearly ignacio m garcia has written a sympathetic history of the movement critically describing conditions of the sixties and seventies and clarifying the outstanding issues and personalities in the mexican american community of the southwest garcia's passionate and insightful contribution cannot be overlooked as a source of factual information and analysis new mexico historical review garcia's history of la raza unida party is a labor of love journal of the southwest this book is an insightful intensive and interesting report on the origin development and demise of the party of the united people the author's most noteworthy contribution may well be in the richness of the details of the party's history and in providing these documented dates figures personalities and

events as no one else has or perhaps can southwestern historical quarterly this book is must reading for students of the chicano hispanic community especially those living in the southwestern u s and in the larger cities throughout our country for this piece of chicano history is essential to understanding this most important section of our multi cultural multi national u s working class people s weekly world
