barry buzan proposes a new approach to making international relations a truly global discipline that transcends both eurocentrism and comparative civilisations he narrates the story of humankind as a whole across three eras using its material conditions and social structures to show how global society has evolved deploying the english school s idea of primary institutions and setting their story across three domains interpolity transnational and interhuman this book conveys a living historical sense of the human story whilst avoiding the overabstraction of many social science grand theories buzan sharpens the familiar story of three main eras in human history with the novel idea that these eras are

separated by turbulent periods of transition this device enables a radical retelling of how modernity emerged from the late 18th century he shows how the concept of global society can build bridges connecting international relations global historical sociology and global world history

this fully updated new edition of the law of international watercourses examines the rules of international law governing the use of international rivers lakes and groundwater shared by two or more countries
