This work is a compelling examination and discussion of the work of Daniel David Moses, including pieces by indigenous and non-indigenous authors, storytellers, playwrights, academics, and artists participating in narratives, writing, and dialogues about Moses and his work. The book is at once engaging, grounded in comparative analysis, and forceful.

Arranged chronologically by decade from the 1890s to the 1990s, each decade is divided into two different types of writing: critical, documentary, and imaginative writing, and is accompanied by a headnote which situates it thematically and chronologically. The reader is also structured for thematic study by listing all the pieces included under a series of topic headings. The wide range of material encompasses writings of well-known figures in the Irish canon and neglected writers alike. This will appeal to the general reader but also makes Irish writing in the twentieth century ideal as a core text, providing a unique focus for detailed study in a single volume book jacket.

By conceptualizing the Book of Psalms as an anthology and by inquiring into its poetics by means of paratextuality, David Willgren provides a fresh reconstruction of its formation and concludes that it preserves a selection of psalms that is best seen not as a book of psalms but as a canon of psalms back of book.

A study of the evolution of the six-pointed star in Hebrew, Magen David, the Shield of David, as a Jewish symbol from the Middle Ages to the present for antisemitism. See pp. 68–72. Jewish hat and Jewish badge as distinctive marks and pp. 120–125. The Shield of David as an antisemitic symbol.
