this is the eighth edition of a book that since its first appearance in 2003 has undergone several
significant changes while maintaining its essential strengths we first wrote this book because so
many of you teachers and students alike expressed the need for a text that provided an introduction
to concepts and regions in world geography but that did so in a concise manner and in the context

of current world affairs that is still the thrust of the book today and this eighth edition we believe meets that challenge better than ever

the world today is the number one bestselling brief world regional geography textbook the seventh edition continues to bring readers geographic perspectives on a fast changing world through the regional view restructured chapters provide a macro review of important physical cultural and political characteristics drawing upon up to date significant world events and crises the cartographically superior maps have been updated for the seventh edition to offer an accurate and vast picture of the world multi layer interactive gia maps have been added to wileyplus learning space to complement the extensive map program the majority of the photos have been taken by our authors during their field research allowing the student to experience an authentic geographical viewpoint of our world

as its new elaborated title suggests the world today concepts and regions in geography focuses on the geography of the world toward the close of the first decade of the twenty first century and serves as a guide to geographic ideas and perspectives past and present authors h j de blij and peter muller continue in their tradition of providing authoritative content currency and outstanding cartography in a concise technology rich package with the third edition of the world today concepts and regions in geography thoroughly updated the third edition includes a new engaging and currency driven photo program expanded data and a new chapter feature what s driving geographic change in the realm

this package includes a copy of isbn 9781118411599 and a registration code for the wileyplus course associated with the text before you purchase check with your instructor or review your course syllabus to ensure that your instructor requires wileyplus for customer technical support please visit wileyplus com support wileyplus registration cards are only included with new products used and rental products may not include wileyplus registration cards now in a new edition this book synthesizes the most important geographic concepts and presents them in a concise fashion its

engaging up to date information and materials bring the world to life and help users understand the interconnectedness of regions for the first time ever this book has a voices feature that allows real people around the world to talk about what it is like to live where they do in addition it highlights the most important concepts using a streamlined pedagogy and presents all content online organized by learning objectives

partly autobiographical this book is persuasive crusading for moral rearmament
