a companion to greek mythology presents a series of essays that explore the phenomenon of greek myth from its origins in shared indo european story patterns and the greeks contacts with their eastern mediterranean neighbours through its development as a shared language and thought system for the greco roman world features essays from a prestigious international team of literary experts includes coverage of greek myth s intersection with history philosophy and religion introduces readers to topics in mythology that are often inaccessible to non specialists addresses the hellenistic and roman periods as well as archaic and classical greece

collection of ancient myths and legends contains chapters on the various deities roman and greek festivals and forms of worship originally published in 1894

divided into two sections western mythology and eastern mythology this easy to use text details characters locations sites of interest significant events stories and symbols it contains over 1000 images with cross references throughout

excerpt it is hardly necessary to dwell upon the importance of the study of mythology our poems our novels and even our daily journals teem with classical allusions nor can a visit to our art galleries and museums be fully enjoyed without something more than a mere superficial knowledge of a subject which has in all ages inspired painters sculptors and poets it therefore only remains for me to express a hope that my little work may prove useful not only to teachers and scholars but also to a large class of general readers who in whiling away a leisure hour may derive some pleasure and profit from its perusal

in this new and substantially revised edition of h j rose s classic survey and analysis of the evolution and tradition of greek myth robin hard adds various features which bring the work up to date with contemporary scholarship and address the needs of students a new preface analysing and contextualising h j rose s attitude to myth a new chapter devoted to the epic and other poetic sources of the myths narrative prose mythography and the various forms of rationalisation a new chapter examining the relationship between the different myths of gods and heroes with genealogical tables robin hard shows how the myths of individual families and distinct locations hold together to form a coherent pseudo historical pattern extensively revises and simplifies notes a new annotated bibliography a handbook of greek mythology presents a invaluable and user friendly guide to the myths and legends of ancient greece their genesis sources development and significance

translated here into english for the first time f w j schelling s 1842 lectures on the philosophy of mythology are an early example of interdisciplinary thinking in seeking to show the development of the concept of the divine godhead in and through various mythological systems particularly of ancient greece egypt and the near east schelling develops the idea that many philosophical concepts are born of religious mythological notions in so doing he brings together the essential relatedness of the development of philosophical systems human language history ancient art forms and religious thought along the way he engages in analyses of modern philosophical views about the origins of philosophy s conceptual

abstractions as well as literary and philological analyses of ancient literature and poetry
