contemporary society is in crisis its structures broken and fragmented and its people overstimulated overstressed and thirsty for true communion with the sacred and with one another yet although more than eighty five percent of congregations in the united states conduct small group ministry too many of these groups begin with no clear sense of purpose structure or spiritual focus and end by veering away from christian tradition and unknowingly settling for shallow versions of popular christianity in the church and the crisis of community theresa latini lays out both a theoretical groundwork and a practical guideline for successful small group ministry examining the latest sociological research and the real life practices of small groups in six congregations she shows how well developed groups those with mission statements leadership training and solid organizational structure can be a truly effective tool in the church s work of transforming broken and shallow forms of community into life giving life sustaining relationships with god and others

the malankara mar thoma syrian church exists as a hybrid church by blending the eastern liturgical elements of the oriental orthodox church and the evangelical ideas of the protestant reformation of the sixteenth century this church is a bridging church connecting protestantism and oriental orthodoxy the reformation in the malankara church 1836 instigated a new impetus for this church in constructing an ecclesial identity and pattern of mission a major missiological imperative employed by cms missionaries in india was solely centered on the scripture against this popular understanding the mar thoma church through its reformation process showed that liturgy can also be an imperative for mission the translation and revision of the eucharistic liturgy is the basic visible expression of

reformation in the malankara church hence this book explicitly places how the eucharistic liturgy of the mar thoma church is observed as the foundation for mission in its course of growth in order to accomplish this objective the writer has examined the historical evolution and the developmental process of the eucharistic liturgy of the church which is a revised version of the liturgy of st james in a nutshell this study is an appraisal of various missiological themes reflected in the eucharistic liturgy of the church this study throws ample light on how the mar thoma church integrated liturgy and evangelism in its course of development the writer systematically illustrates how the church made a serious effort to bring missional themes employed in the liturgy into the practical realm by its ancillary organizations convention gatherings and sociocharitable works this volume asserts that an emphasis on eucharist centred ecclesiology guides and motivates the church to enliven a mission oriented life which is crucial for accomplishing a relevant mission

in this book justin shaun coyle remembers the theology of beauty of the forgotten summa halensis an early thirteenth century text written by franciscan friars at the university of paris many scholars vaunt the summa halensis conceived but not drafted entirely by alexander of hales d 1245 for its teaching on beauty and its influence on giants of the high scholastic idiom but few read the text s teaching theologically as a teaching about god the beauty of the trinity a reading of the summa halensis proposes an interpretation of the summa s beauty teaching as deeply and inexorably theological even trinitarian the book takes as its keystone a passage in which the summa halensis identifies beauty with the sacred order of the divine persons if beauty names a trinitarian structure rather than a divine attribute then the text teaches beauty where it teaches trinity so the beauty of the trinity trawls the massive summa halensis for beauty across passages largely ignored by the literature taking seriously the summa s own definition of beauty rather than imposing onto the text modernity s narrow aesthetic categories allows coyle to identify beauty nearly everywhere across the text s pages in its teaching on the transcendental determinations of being on the trinity proper on creation on psychology on grace a medieval text must teach beauty that appreciates beauty theologically beyond the constricted and anachronistic boundaries that often limit study of medieval aesthetics readers of medieval theology and theological aesthetics both will find in the beauty of the trinity a depiction of how an early scholastic summa thinks beauty according to the mystery of the trinity

this is g r elton s classic account of the reformation revealing the issues and preoccupations which seemed central to the age and portraying its leading figures with vigour and realism

two questions lie at the heart of this rich suggestive book what are the theological implications of worship and what are the liturgical implications of theology convinced that worship and theology are integrally related the authors of a more profound alleluia show in practical terms how liturgy and doctrine fruitfully illuminate each other each chapter pairs an element of the worship service with related christian teachings clearly demonstrating how the great doctrines of the faith find their natural expression in the drama of worship and how the liturgy in turn finds its corollary in doctrine the interrelation of theology and worship is illustrated with anecdotes from congregational life resources drawn from church history and

themes from novels and films each chapter also includes two hymn texts that exemplify orthodox doctrine communicated through song a more profound alleluia will be a valuable text for courses in theology or worship will help worship leaders to plan services with greater theological depth and will enhance worship for christian believers generally contributors ronald p byars william a dyrness martha l moore keish david l stubbs leanne van dyk john d witvliet
