the book discusses a university partner the um school of social work technical assistance center ssw tac with an embedded foundation driven initiative for neighborhood change to improve outcomes of youth before during and after the massive economic and demographic transformation of detroit between 2006 2015

the bestselling editor of this explains everything brings together 175 of the world s most brilliant minds to tackle edge org s 2014 question what scientific idea has become a relic blocking human progress each year john brockman publisher of edge org the world s smartest website the guardian challenges some of the world s greatest scientists artists and philosophers to answer a provocative question crucial to our time in 2014 he asked 175 brilliant minds to ponder what scientific idea needs to be put aside in order to make room for new ideas to advance the answers are as surprising as they are illuminating in steven pinker dismantles the working theory of human behavior richard dawkins renounces essentialism sherry turkle reevaluates our expectations of artificial intelligence geoffrey west challenges the concept of a theory of everything andrei linde suggests that our universe and its laws may not be as unique as we think martin rees explains why scientific understanding is a limitless goal nina jablonski argues to rid ourselves of the concept of race alan guth rethinks the origins of the universe hans ulrich obrist warns against glorifying unlimited economic growth and much more profound engaging thoughtful and groundbreaking this idea must die will change your perceptions and understanding of our world today and tomorrow

revised edition of handbook of social work with groups 2006

the combination of current cosmology physical theories ancient cosmogonies theologies and metaphysics poses three main questions why is there something rather than nothing why does being take many forms what is the origin of everything many different

answers have been given in various different fields to these questions in theological creationist metaphysics the only answer is the existence of a creator who has given rise not only to everything but also to the laws that govern existence non theological metaphysics instead has engaged in the determination of some first principles archái from which derives the reality in its various forms science for a long time evaded these questions focusing instead on particular aspects of reality by formulating explanations of natural phenomena in the course of their current development physics including quantum theory and cosmology have posed questions concerning the origin of the whole universe and the reasons for its existence they believe it is possible to formulate a theory of everything just as metaphysical cosmologists and theologians thought the papers collected in this volume offer interesting contributions to the debates surrounding this ultimate why question

in this book professor ole jacob madsen analyses the implications of scandinavia s current concern for the mental health problems of adolescents said to be struggling in the face of increasing demands for achievement and success it critically examines our understanding of this so called achievement generation questioning whether today s youth are really worse off than previous generations and how we have come to believe that this is so the author s wide ranging investigation draws on a large body of research as well as considering socio political historical and regional factors that might be affecting the resilience and mental health among young people it also provides original psycholinguistic studies of popular media concepts associated with these issues including the achievement generation pathological perfection and the good girl syndrome deconstructing scandinavia s achievement generation presents an engaging contribution to key debates around therapeutic culture and society in the 21st century it will appeal to students and scholars of critical and social psychology sociology anthropology philosophy as well as to those working in education social work and mental health

the novel evokes the revolutionary atmosphere of barcelona in the shadows of world war i
