updated with nearly forty new selections to reflect the tremendous growth and transformation of scholarly theological and activist religious environmentalism the second edition of this sacred earth is an unparalleled resource for the study of religion s complex relationship to the environment

twenty years of photographs by photographer and anthropologist martin gray accompanying each photograph is commentary that takes us into the history mythology and spiritual magnetism of the particular place jacket

matthew fox a 76 year old elder activist and spiritual theologian along with skylar wilson a 33 year old wilderness guide leader of inter cultural ceremonies and an event producer and jennifer berit listug a 28 year old writer spiritual leader and publicist are presenting a challenge and an opportunity in the vision launched in this modest book that vision is about creating an order of the sacred earth essay contributors to the book and its vision include mirabai starr brian thomas swimme adam bucko and david korten

a leading spiritual teacher reveals how celtic spirituality listening to the sacred around us and inside us can help us heal the earth overcome our conflicts and reconnect with ourselves

a leading spiritual teacher reveals how celtic spirituality listening to the sacred around us and inside of us can help us heal the earth overcome our conflicts and reconnect with ourselves john philip newell shares the long hidden tradition of celtic christianity explaining how this earth based spirituality can help us rediscover the natural rhythms of life and deepen our spiritual connection with god with each other and with the earth newell introduces some of celtic christianity s leading practitioners both saints and pioneers of faith whose timeless wisdom is more necessary than ever including pelagius who shows us how to look beyond sin to affirm our sacredness as part of all god s creation and courageously stand up for our principles in the face of oppression brigid of kildare who illuminates the interrelationship of all things and reminds us of the power of the sacred feminine to overcome those seeking to control us john muir who encourages us to see the holiness and beauty of wilderness and what we must do to protect these gifts teilhard de chardin who inspires us to see how science faith and our future tell one universal story that begins with sacredness by embracing the wisdom of celtic christianity we can learn how to listen to the sacred and see the divine in all of creation and within each of us human beings are inherently spiritual creatures who intuitively see the sacred in nature and within one another but our cultures and at times even our faiths have made us forget what each of us already know deep in our souls but have learned to suppress sacred earth sacred soul offers a new spiritual foundation for our lives once centered on encouragement guidance and hope for creating a better world

placing native american spirituality in the context of the world s great religions sacred earth contrasts contemporary society s arrogant belief in its own power with native traditions of reverence for the earth this eye opening journey through the terrain of native american spirituality is an urgent call to rediscover and become firmly grounded on the sacred earth again

sourcebook of resource information about different religions including their origins and beliefs

explores traditions that perceive the earth as a reservoir of spiritual energy discussing creation myths and earth goddesses sacred and mystical sites and the deities and spirits believed to inhabit natural features

in the last two decades a new form of religiously motivated social action and a virtually new field of academic study each based in recognition of the connections between religion and humanity s treatment of the environment have developed interactions between religion and environmental

concern have been manifest in the explosive growth of ecotheological writings institutional commitment by organized religions and environmental activism explicitly oriented to religious ideals clergy throughout the world in virtually every denomination have received word from leaders of their religion that the environment no less than sexuality poverty or war and peace is now a basic and compelling religious matter out of this confrontation have been born vital new theologies based in the recovery of marginalized elements of tradition profound criticisms of the past and ecologically oriented visions of god the sacred the earth and human beings theologians from every religious tradition along with dozens of non denominational spiritual writers have confronted world religions past attitudes towards nature in the realm of institutional commitment public statements and actions by organized religions have grown dramatically in the context of political action throughout the u s and the world religiously oriented groups take part in environmentally oriented political action from lobbying and consciousness raising to activist demonstrations and civil disobedience this collection serves as a comprehensive introduction overview and in depth account of these exciting new developments the four volumes cover virtually every aspect of the field from theological change and institutional commitment to innovation in liturgy from new ecumenical connections among different religions and between religion science and environmental movements from religious participation in environmental politics to an account of the global social and political contexts in which religious environmentalism has unfolded
