woody allen is one of america s most prolific authors actors and  
auteur film directors his oeuvre which spans five decades has  
always been marked by a postmodern play with conventions  
experimental techniques and explorations of the status quo of  
modern urban lives yet woody allen is also a nostalgic who makes  
the history of his nation his people and his individual subjects  
the constant theme of his work whether cryogenically frozen miles  
monroe wakes up in the future only to misinform scientists about  
the past whether stand up comedian alvy singer reminisces his  
relationship to annie hall or whether ophtalmologist judah  
rosenthal is tormented by his memory of his jewish rabbinical  
father after having had his girlfriend killed the past whether  
personal or communal is always an integral part of allen s  
characterizations and plots contrary to the assumption that  
postmodernity is necessarily linked to the future only and  
negates all history the present study argues that postmodern  
subjects very much depend on an active evaluation of the past and  
that through the lens of history present crises and traumata can  
be overcome in this way nostalgia manages to bring history back  
into postmodernism
