the cherry orchard is the last play by russian playwright anton chekhov it opened at the moscow art theatre on 17 january 1904 in a production directed by constantin stanislavski although chekhov intended it as a comedy and it does contain some elements of farce stanislavski insisted on directing the play as a tragedy since this initial production directors have had to contend with the dual nature of the play the play concerns an aristocratic russian woman and her family as they return to their family estate which includes a large and well known cherry orchard just before it is auctioned to pay the mortgage while presented with options to save the estate the family essentially does nothing and the play ends with the sale of the estate to the son of a former serf the family leaves to the sound of the cherry orchard being cut down the story presents themes of cultural futility

both the futile attempts of the aristocracy to maintain its status and of the bourgeoisie to find meaning in its newfound materialism in reflecting the socio economic forces at work in russia at the turn of the 20th century including the rise of the middle class after the abolition of serfdom in the mid 19th century and the sinking of the aristocracy the play reflects forces at work around the globe in that period

pulitzer prize winning playwright david mamet in this unique adaptation of one of the great masterpieces of the theater allows us to see anton chekhov s the cherry orchard in totally new and surprising ways as mamet explains in his introduction he views the play as a series of scenes about sexuality and particularly frustrated sexuality rather than about a dying russia the result said the sentinel blows a gust of fresh air into the old play while the chicago sun times called it audacious and consistently arresting mamet the adaptor has turned chekhov s cherry orchard into a mamet play mamet s ear is famously impeccable the dialogue is always authentic and convincing this is a tribute to its strong point of view and clear point of departure if nothing else it will help to undermine our silly critical notions of definitive chekhov mamet has made me rethink the play robert brustein the new republic
