the first full length critical biography and theological analysis of wang mingdao the spiritual father of china s house church movement one of the most influential figures in chinese christianity church leader and evangelist wang mingdao rejected state control of religion in favor of the religious freedom of the unregistered house churches a choice that made him a frequent target of government persecution in this thorough new biography scholar christopher payk traces wang s life and christian development through the sociopolitical tumult of twentieth century china drawing on unpublished sermons journals and additional sources in english and chinese payk argues persuasively that wang s theology while largely based on christian scripture was shaped by confucian tradition reason and personal experience following christ and confucius brings new clarity to wang s uncompromising faith and lasting impact

in missionary primitivism and chinese modernity the brethren in twentieth century china david woodbridge offers an account of a little

known protestant missionary group often depicted as extreme and marginal the brethren were in fact an influential force within modern evangelicalism they sought to recreate the life of the primitive church and to replicate the simplicity and dynamism of its missionary work using newly released archive material woodbridge examines the activities of brethren missionaries in diverse locations across china from the cosmopolitan treaty ports to the mongolian and tibetan frontiers the book presents a fascinating encounter between primitivist missionaries and a modernising china and reveals the important role of the brethren in the development of chinese christianity

confucianism and its influence on culture in east asia has profoundly impacted chinese churches and the development of their leaders as a cultural force it continues to affect the perceptions and practices of chinese pastors and how they lead this work seeks to build an indigenous approach to developing church leaders by understanding the theoretical and the situational foundations of relational leadership from both cultural and biblical perspectives the research is further enriched through case studies and interviews observing the practices of leadership in contemporary chinese churches

this pathbreaking volume will force a reassessment of many common assumptions about the relationship between christianity and modern china the overall thrust of the twenty essays is that despite the conflicts and tension that often have characterized relations between christianity and china in fact christianity has been for the past two centuries or more putting down roots within chinese society and it is still in the process of doing so thus christianity is here interpreted not just as a western religion that imposed itself on china but one that was becoming a chinese religion as buddhism did centuries ago eschewing the usual focus on foreign missionaries as is customary this research effort is china centered drawing on chinese sources including government and organizational documents private papers and interviews the essays are organized into four major sections christianity s role in qing society including local conflicts 6 essays ethnicity 3 essays women 5 essays and indigenization of the christian effort 6 essays the editor has provided sectional introductions to highlight the major themes in each section as well as a general introduction

in this first in depth and wide ranging history of christian conversion david kling examines the dynamic of turning to the christian faith by individuals families and people groups global in reach and engaging recent methods and theories in conversion studies the narrative progresses from early christian beginnings in the roman world to christianity s expansion into europe the americas china india and africa although conversion is often associated with a particular strand of modern christianity evangelical and a particular type of experience sudden overwhelming when examined over two millennia it emerges as a phenomenon far more complex than any one dimensional profile would suggest
