the newly updated edition of this book makes a fine supplement to a college survey course in American history. It opens with the Reconstruction era following the Civil War, then goes on to chronicle the pivotal events of the late nineteenth and entire twentieth century. It summarizes events surrounding U.S. entry into two world wars, the Great Depression of the 1930s, the Korean and Vietnam conflicts, the Civil Rights Movement, and major events leading to the growth of the United States into the world's leading superpower. All significant events and personalities are briefly summarized under boldfaced topic heads. Review questions appear at the end of each chapter, with answers at the back of the book. Appendices include suggestions for essay questions, Quick Check, Fact Lists, a recommended reading list, and a short entry dictionary of historical terms.
