this statistical supplement to the occupational outlook handbook provides data to support the information presented in the handbook researchers can compare over 500 occupations on factors such as employment changes job openings earnings unemployment rates and training requirements

the only textbook that completely covers oxford aqa international as a level english language 9670 for first teaching in september 2017 written by experienced examiners and linguistic experts the clear international approach develops students critical and creative skills while building linguistic knowledge it supports exam success and builds crucial skills for university study and future employment build exam confidence with full support and guidance on all the assessment styles used in the specification at as level develop the advanced language and writing skills required to critically evaluate sources develop and sustain arguments and adapt writing for different audiences and purposes at a level strengthen students linguistic knowledge preparing them for university study motivate and challenge students with evocative topics such as how english varies around the world and how and why language changes

in images of social stratification coxon and davies investigate how people perceive and evaluate occupations they challenge the validity of existing occupational hierarchies and propose a fundamentally new approach to the problem this highly readable and non technical book makes an important contribution to sociological debates about stratification status and class and for areas as diverse as job evaluation personnel management and careers guidance

this paper examines an empirical regularity found in many societies that family influences on the probability of transiting from one grade level to the next diminish at higher levels of education we examine the statistical model used to establish the empirical regularity and the intuitive behavioral interpretation often used to rationalize it we show that the implicit economic model assumes myopia the intuitive interpretive model is identified only by imposing arbitrary distributional assumptions onto the data we produce an alternative choice theoretic model with fewer parameters that rationalizes the same data and is not based on arbitrary distributional assumptions
