this book draws on first person action research and inquiry research process to provide a cultural analysis of black experience in white dominated society the author uses her personal experience of working with the racial confusion with which she lived until she decided to engage with what it means to be black instead of avoiding and denying it her research takes her back in time to a shared history of slavery and colonization outwards to her experiences in white society and inwards to explore the psychological costs of her long silence the outcome is a book which offers a visionary and futuristic view of how whites and blacks can begin to work with the visible and invisible legacies of their shared histories towards a better world and guides readers towards the goal of conscious bicultural competence it explores the experience of members of the african diaspora today providing important insights into many of the social problems they face in contemporary society such as the widely espoused underachievement of black boys in the british school system the book is an important text for understanding black and white relationships across the world an essential dimension of global social process it is essential reading for teachers educators and policy makers teacher trainers parents and everyone black and white who wants to understand how social inequality is maintained and it is especially timely in the year marking britain s 200th anniversary of the legal abolition of the slave trade

provides information and advice for teachers on multilingual issues including teaching multilingual students and promoting the acquisition of multiple languages

a guide to supporting our emergence from the tight grip of race discomfort if we are to address the injustice of racism we need to have the race conversation all too often however attempts at this conversation are met with silence denial anger or hate this is largely because the construct of race resides not only in our minds but principally in the body in order to have productive conversations about race and racism a paradigm shift is needed one which will empower us to remain present and

embodied rather than constricted with fear regardless of our racial identities here psychotherapist eugene ellis explores what is needed for this bodily shift to occur as he unpacks the visceral experience of the race conversation he offers a trauma informed neurophysiological approach that emphasizes resourcing body awareness mindfulness and healing transforming race conversations is essential reading for therapy practitioners as well as anyone looking to engage more effectively in the ongoing dialogue around race

diaspora in the middle east and north africa mena region and beyond is very relevant for emerging multidisciplinary diaspora studies the region itself has settled or long term international migrants diasporas from neighbouring regions to diasporas from distant places diasporas with the same ethnic religious cultural identity as that of natives to diasporas having a distinct and divergent ethnic linguistic identity the number of these diasporic communities and their role in economic development is substantial their concerns and contributions require academic and research output to understand them and their potential to serve the domestic and foreign objectives of the host countries as well as those of world community

this book uses identity theories to explore the struggles of indigenous peoples against the domination of the settler imaginary in australia canada new zealand and the united states the book argues that a new relational imaginary can revolutionize the way settler peoples think about and relate to indigenous difference

in first person action research judi marshall invites her reader to join her in the rich world of first person inquiry a reflexive approach to life and to one's own participation in research and learning written as a collage of interrelated chapters fragments and voices this is an important meditation on the nature of inquiring action judi marshall's book provides an accessible introduction to self reflective practice exploring its principles and practices and illustrating with reflective accounts of inquiry from the author's professional and personal life the book also considers action for change in relation to issues of ecological sustainability and corporate responsibility writing is reviewed as a process of inquiry and as a way to present action research experiences connections are made with the work of the literary authors nathalie sarraute and kazuo ishiguro to expand the scope of typical academic writing practices first person action research is an important and practical resource for students teachers and practitioners of action research alike it is a thoughtful and sensitive account of an emerging field in research methods
