many twenty first century evangelical charismatics in britain are looking for a faith that works they want to experience the miraculous in terms of healings and godsent financial provision many have left the mainstream churches to join independent charismatic churches led by those who are perceived to have special insights and to teach principles that will help believers experience the miraculous but all is not rosy in this promised paradise and when people are not healed or they remain poor they are often told that it is because they did not have enough faith this study discovers the origin of the principles that are taught by some charismatic leaders glyn ackerley identifies them as the same ideas that are taught by the positive confession health wealth and prosperity movement originating in the united states the origins of the ideas are traced back to new thought metaphysics and its background

philosophies of subjective idealism and pragmatism these principles were imported into the uk through contact between british leaders and those influenced by american word of faith teachers glyn ackerley explains the persuasiveness of such teachers by examining case studies suggesting their miracles may well have social and psychological explanations rather than divine origins

a stunningly original and timely collection that makes the case for socialism american style it is a strange day when a new york times conservative columnist is forced to admit that the left is winning but as david brooks wrote recently the american left is on the cusp of a great victory among americans under thirty 43 percent had a favorable view of socialism while only 32 percent had a favorable view of capitalism not since the great depression have so many americans questioned the fundamental tenets of capitalism and expressed openness to a socialist alternative we own the future democratic socialism american style offers a road map to making this alternative a reality giving readers a practical vision of a future that is more democratic egalitarian inclusive and environmentally sustainable the book includes a crash course in the history and practice of democratic socialism a vivid picture of what democratic socialism in america might look like in practice and compelling proposals for how to get there from the age of trump and beyond with contributions from some of the nation's leading political activists and analysts we own the future articulates a clear and uncompromising view from the left a perfectly timed book that will appeal to a wide audience hungry for change table of contents part i is a new america possible introduction kate aronoff peter dreier and michael kazin how socialists changed america peter dreier and michael kazin toward a third reconstruction andrea flynn susan holmberg dorian warren and felicia wong a three legged stool for racial and economic justice darrick hamilton democratic socialism for a climate changed century naomi klein part ii expanding democracy governing socialism bill fletcher jr we the people voting rights campaign finance and election reform j mijin cha confronting corporate power robert kuttner building the people's banks david dayen democracy equality and the future of workers sarita gupta stephen lerner and joseph a mccartin who gets to be safe prisons police and terror aviva stahl on immigration a socialist case for open borders michelle chen on foreign policy war from above solidarity from below tejasvi nagaraja part iii the right to a good life livable cities thomas j sugrue what does health equity require racism and the limits of medicare for all dorothy roberts the family of the future sarah leonard defending and improving public education pedro noguera reclaiming competition sports and socialism david zirin what about a well fed artist imagining cultural work in a democratic socialist society francesca fiorentini how socialism surged and how it can go further harold meyer son afterword a day in the life of a socialist citizen michael walzer
