cuban independence arrived formally on may 20 1902 with the raising of the cuban flag in havana a properly orchestrated and orderly inauguration of the new republic but something had gone awry republican reality fell far short of the separatist ideal in an unusually powerful book that will appeal to the general reader as well as to the specialist louis a perez jr recounts the story of the critical years when cuba won its independence from spain only to fall in the american orbit the last quarter of the nineteenth century found cuba enmeshed in a complicated colonial environment tied to the declining spanish empire yet economically dependent on the newly ascendant united states rebellion against spain had involved two generations of cubans in major but fruitless wars by careful examination of the social and economic changes occurring in cuba and of the political content of the separatist movement the author argues that the successful insurrection of 1895-98 was not simply the last of the new world rebellions against european colonialism it was the first of a genre that would become increasingly familiar in the twentieth century a guerrilla war of national liberation aspiring to the transformation of society the third player in the drama was the united states for almost a century the united states had pursued the acquisition of cuba stepping in when spain was defeated the americans occupied cuba ostensibly to prepare it for independence but instead deliberately created institutions that restored the social hierarchy and guaranteed political and economic dependence it was not the last time the u s intervention would thwart the cuban revolutionary impulse

modern spain and the sephardim legitimizing identities addresses the legal political symbolic and conceptual consequences of the development of a new framework of relations between the spanish state and the descendants of the jews expelled from the iberian kingdoms in 1492 from its beginnings in the nineteenth century to its unexpected consequences during world war ii this book aims to understand and explain the unchallenged idea of the sephardim as a mix of spaniard and jew that emerged in spain in the second half of the nineteenth century maite ojeda mata examines the processes that led to this ambivalent conceptualization of sephardic identity as both spanish and jewish and its consequences for the sephardic jews

in most contributions collected in this volume the influence from european and american philosophy can be felt remarkably ten out of thirteen philosophers feel that the working out of a genuine latin american local national and continental cultural identity is a challenge to philosophy this volume contains articles on topics within a variety of disciplines political philosophy ethics history of philosophy formal logic philosophy of science and technology as well as philosophical interpretation of literature it is relevant

to a large audience of philosophers and researchers in these disciplines

*honduras in dangerous times resistance and resilience* explores how the people of honduras use cultural resources to resist and to change the conditions of their society to critique those conditions and to create the pieces of a better future in the midst of a dangerous present the book explores ideas and practices which support systems of dominance and submission in honduras and the ways in which people have slowly developed a broad culture of resistance and resilience this culture includes struggling for land and environmental preservation against extractive industries promoting natural local food and sustainable technology to replace foreign agribusiness bringing a corrupt legal and political system to account by invoking concepts of human rights and laws routinely ignored bending institutional religion to issues of social justice and expressing protest and visions of a better society through popular culture the book highlights the special contribution of the country's indigenous peoples in resistance it also discusses the powerful role of the united states in shaping honduran economic political and military life and what people to people solidarity with hondurans means for citizens of the united states the book concludes by presenting honduran popular resistance in a context of late neoliberalism in honduras and in relation to other latin american social movements *honduras in dangerous times* shows that hondurans resist in the face of violence and oppression not only because they are resilient but also that they are resilient because they resist resistance keeps hope alive and change possible

a selective list of publications for the period offering some 25 200 entries no annotations arranged by nationality and linguistic groups most entries concern literary currents in drama since the last third of the 19th century playwrights who lived at least part of their lives in the 20th century noted directors and performance theory for students and scholars of modern dramatic literature while annual supplements of recent publications appear in the journal *modern drama* new compilers took a publication date of 1991 as their starting point for listings leaving some 2 000 items collected after 1992 appearing only in this volume annotation copyrighted by book news inc portland or
