it is a spectacular history since the founding of the prc when looking back to the history we realize the huge accomplishment of the contemporary china

and the remarkable spirit of chinese people just as that in other branches the achievements of contemporary chinese academic development are fully manifested in the research and results of contemporary chinese religious studies therefore there is special academic value and practical significance for the development and the future of our religious studies to reexamine this period of history and explore how contemporary chinese scholars think about it during the academic development of contemporary china religious studies be come one of the most developed and popular as well as controversial subjects this is because religious studies have been situated in a complex background and it is difficult to have a well situated position with broad spectrums and sensitive questions hence religious studies belong to the subjects that are growing the understanding of its connotation and extension is still on the way the full development of religious studies as a discipline will represent the real leap of chinese religious studies

exploring whether the impulse to adapt shakespeare has changed over time bradley argues for restoring a sense of historicity to the study of adaptation bradley compares adaptations of king lear from the seventeenth through the nineteenth centuries to twentieth century rewritings of the play suggesting modern shakespeare adaptations represent a unique genre that permits playwrights to acknowledge their literary heritage while articulating more modern subject positions and participating in broader debates about art and society

the decoration of houses a manual of interior design written by edith wharton with architect ogden codman was first published in 1897 in the book the authors denounce victorian style interior decoration and interior design especially rooms decorated with heavy window curtains victorian bric a brac and overstuffed furniture they argue that such rooms emphasize upholstery at the expense of proper space planning and architectural design and are therefore uncomfortable and rarely used wharton and codman advocated

the creation of houses with rooms decorated with strong architectural wall and ceiling treatments accentuated by well suited furniture rooms based on simple classical design principles such as symmetry and proportion and a sense of architectural balance the decoration of houses is considered a seminal work and its success led to the emergence of professional decorators working in the manner advocated by its authors most notably elsie de wolfe the book was reprinted by the mount and rizzoli and in a hardcover facsimile in 2007
