jeff halper s book like his life s work is an inspiration drawing on his many years of directly challenging israel s treatment of the palestinians he offers one of the most insightful analyses of the occupation i ve read his voice cries out to be heard jonathan cook author of blood and religion 2006 and israel and the clash of civilisations 2008 in this book the israeli anthropologist and activist jeff halper throws a harsh light on the israeli palestinian conflict from the point of view of a critical insider while the zionist founders of israel created a vibrant society culture and economy they did so at a high price israel could not maintain its exclusive jewish character without imposing on the country s palestinian population policies of ethnic cleansing occupation and

discrimination expressed most graphically in its ongoing demolition of thousands of palestinian homes both inside israel and in the occupied territories an israeli in palestine records halper s journey beyond the membrane that shields his people from the harsh realities of palestinian life to his discovery that he was actually living in another country palestine without dismissing the legitimacy of his own country he realises that israel is defined by its oppressive relationship to the palestinians pleading for a view of israel as a real living country which must by necessity evolve and change halper asks whether the idea of an ethnically pure jewish state is still viable more to the point he offers ways in which israel can redeem itself through a cultural zionism upon which regional peace and reconciliation are attainable
