in this absorbing story of the changing life of a community the authors of deaf in america reveal historical events and forces that have shaped the ways that deaf people define themselves today inside deaf culture relates deaf people s search for a voice of their own and their proud self discovery and self description as a flourishing culture padden and humphries show how the nineteenth century schools for the deaf with their denigration of sign language and their insistence on oralist teaching shaped the lives of deaf people for generations to come they describe how deaf culture and art thrived in mid twentieth century deaf clubs and deaf theatre and profile controversial contemporary technologies most triumphant is the story of the

survival of the rich and complex language american sign language long misunderstood but finally recently recognized by a hearing world that could not conceive of language in a form other than speech in a moving conclusion the authors describe their own very different pathways into the deaf community and reveal the confidence and anxiety of the people of this tenuous community as it faces the future inside deaf culture celebrates the experience of a minority culture its common past present debates and promise for the future from these pages emerge clear and bold voices speaking out from inside this once silenced community

in this absorbing story of the changing life of a community the authors of deaf in america reveal historical events and forces that have shaped the ways that deaf people define themselves today inside deaf culture relates deaf people s search for a voice of their own and their proud self discovery and self description as a flourishing culture

what does it mean to engage in deaf studies and who gets to define the field what would a truly deaf led deaf studies research program look like what are the research practices of deaf scholars in deaf studies and how do they relate to deaf research participants and communities what innovations do deaf scholars deem necessary in the field of deaf studies in innovations in deaf studies the role of deaf scholars volume editors annelies kusters maartje de meulder and dai o brien and their contributing authors tackle these questions and more spurred by a gradual increase in the number of deaf studies scholars who are deaf and by new theoretical trends in deaf studies this book creates an important space for contributions from deaf researchers to see what happens when they enter into the conversation innovations in deaf studies expertly foregrounds deaf ontologies defined as deaf ways of being and how the experience of being deaf is central not only to deaf research participants own ontologies but also to the positionality and framework of the study as a whole further this book demonstrates that the research and methodology built around those ontologies offer suggestions for new ways for the discipline to meet the challenges of the present which includes productive and ongoing collaboration with hearing researchers providing fascinating perspective and insight kusters de meulder o brien and their contributors all focus on the underdeveloped strands within deaf studies particularly on areas around deaf people s communities ideologies literature religion language practices and political aspirations

this collection unites expert scholars in a comprehensive survey of critical topics in bilingual deaf education drawing on the work of dr robert hoffmeister chapters explore the concept that a strong first language is critical to later learning and literacy development in thought provoking essays authors discuss the theoretical underpinnings of bilingual deaf education teaching strategies for deaf students and the unique challenges of signed language assessment essential for anyone looking to expand their understanding of bilingualism and deafness this volume reflects dr hoffmeister s impact on the field while demonstrating the ultimate resilience of human language and literacy systems
